COMRADES DENOUNCE SUPREME COURT!

VICTORY IN EDMONTON!

Comrade Susan fights once more with the lackey police. After three months of persecution on the trumped up charges of "defamatory libel" which were aimed at preventing her from organizing politically, the police are denying Comrade Susan the right to speak and denounce the court for its atrocity.

Four comrades in Edmonton have won a significant victory against the fascist courts, forcing them to enter a "stay in proceedings" on trumped up charges of "defamatory libel" laid down after the publication of a local newspaper "The Progressive Workers' Journal". A full summary of the history of the case appears below:

May 22nd: Comrades Susan Herzog, Roger Tenry and Ian Walker courageously demonstrated against the Canadian Labour Congress conference, denouncing the CLC as the headquarters of pro-imperialist betrayal of the working class. Only the night before, the Chairman of this class-collaborationist conference had given comfort and aid to fascism and the Canadian Compradores by a rabid anti-communist attack stinking of McCarthyism and fascism. The two comrades carried pickets denouncing the conference and cheering the Communist Party of Canada (Marxist-Leninist). The CLC hacks were deeply shocked and frightened and tried to attack the young communists. For forty-five minutes, the communists waged tit-for-tat struggle with the hacks, exposing them on every point. Then the communists were attacked by a flimsy band of fascists who had been encouraged to show their faces by the anti-communist ravings of CLC leader McDo-

nald the preceding night. Defending themselves staunchly against this attack the comrades were further attacked by the U.S. lackey Edmonton City Police and fought back valiantly (see photo). **May 24th:** After having been held unjustifiably for two days in the fascist jails, where the police were wearing swastika armbands, the comrades were brought before the courts. They refused to plead to the trumped-up charges on the grounds that they are political prisoners. Their trial was remanded, Comrade Susan was denied bail altogether and held in custody. She staged a week-long hunger strike in protest.

June 29th: An issue of the PROGRESSIVE WORKERS' JOURNAL said: "...the 'crown' prosecutor and flunkie Magistrate Coughlin have refused to 'authorize' the CBC to release their newsfilm of the demonstration... during which the comrades were arrested. The shameless magistrate said that the comrades had to 'prove to him that he had legal authority' to release the film because 'he didn't know all the regulations' and that the workers were 'incompetent to do this because they had no law degrees'. He said that they should get a 'defense lawyer' who would know and

Susan Herzog fights back staunchly after attack by U.S. lackey police at Congress of Labour Traitors on May 22nd. Susan was later "tried" and "convicted of assaulting a police officer".

Hamilton, October 1, 1970
Comrade Robert A. Cruise, the heroic leading spokesman of the Communist Party of Canada (Marxist-Leninist), after 44 days of hunger strike, was once again dragged before the courts of the Canadian compradores on the trumped up charge of "possessing a weapon offensive to public order". Comrade Cruise is being viciously persecuted because he took a shotgun to Hamilton to defend a progressive bookstore against attacks by a handful of Hitlerite thugs led by the Hamilton gentry and aided by the Hamilton Police.

Unjustifiably convicted on one charge of "assaulting police", Comrade Cruise had another charge dropped. On the one remaining charge of "possession of an offensive weapon", fearful of self-exposure, the courts are stalling in a miserable attempt to murder and silence him. Comrade Cruise has never flinched in denouncing the courts for their persecution of anti-imperialist fighters. As a result he has been sentenced three times for "contempt of court". He has vowed to continue his hunger strike until he is released or until he dies in the compradore jails. For the last several days he has been held in hospital in an attempt by the compradores and their lackies to conceal their true aims. At first he was chained to the

hospital bed. However, he has persisted in his revolutionary work and daily engages in discussion with progressive hospital workers.

After two months of stalling, the court shamelessly refused to proceed. It put forward the sham of a "preliminary hearing" and bound over for an indefinite period the date of the "trial", even though Comrade Bob has appeared in court on at least seven different occasions.

COMRADE ROBERT A. CRUISE

STIRRING STATEMENT BY YASSER ARAFAT

September 24, 1970 - Amman

Yasser Arafat, general commander of the Palestinian armed revolutionary forces issued a statement to the Palestinian fighters and masses. He said in part, that the Palestinian people are "People of arms, people of the Palestinian revolution with splendour and unconquerable might. This people will go on with its revolutionary march till liberation and victory."

He called upon the Palestinian people, men and women, young and old, to take one solid stand and to record the most glorious feats of struggle in the history of the Arab nation.

He said: "Some believed that the plot for liquidating your revolution and annihilating your people is like a picnic which could be accomplished in a few hours. But they were struck by your steadfastness and endurance, by the strength of your faith and determination. Arafat pointed out, "Our error in 1948

Yasser Arafat

was that we laid down our arms. Hence the setback and the usurpation of our land by Israel."

"Our people today," he went on, "are not like what they were yesterday; our revolutionaries today are not the refugees of yesterday. Our people today are making their glorious history through their martyrs and their sacrifices. They are not only defending their own interests, they are defending the dignity of the whole Arab nation."

Arafat went on to conclude: "Our peoples masses, let us march strongly and proudly with raised heads, arms in hand and finger on the trigger to confront the lackeys and their masters."

"Let us write our history with the blood and fire, by the processions of dutiful martyrs. Let us make an epic of victory and a triumphant song of return to the homeland."

Robert A. Cruise A Letter from Prison on China's National Day

Robert A. Cruise, leading spokesman of the Communist Party of Canada (Marxist-Leninist) addresses a meeting in honour of Norman Bethune November, 1969

Dear Comrades,

Warm revolutionary greetings on this historic day! The glorious People's Republic of China; bright red pathfinder and red base area in the world revolution, inspires all of us to "fear no sacrifice and surmount every difficulty to win victory."

From my fascist incarceration here in Hamilton jail (Now Hamilton General Hospital) I regularly read and hold discussions on the "Three Constantly read articles", (In Memory of Norman Bethune, in particular). Constant study and application of invincible Mao Tsetung thought guides me in repudiating selfishness and pessimistic thinking and resolutely upholding the correct line of the Communist Party of Canada (Marxist-Leninist) on methods of work.

Many hospital workers and nurses have come forward to discuss the People's Republic of China and the glorious advances under Chairman Mao as shown in the copies of *China Pictorial* I have available.

Here the "detached professionals" who express "interest in my case" have been and are being exposed for the contemporary Eichmann's they are. These fascist doctors have no sense of right and wrong, no interest in democratic rights, and will meet the same fate as all running dogs.

On this glorious day we join the entire world's people in hailing the earth-shaking achievements of the People's Republic of China. Living at a time when U.S. imperialism, like a mad bull surrounded by flames, becomes "panic stricken at the mere rustle of leaves in the wind", and at a time when the greatest Marxist-Leninist of our era, our beloved leader Chairman Mao, has taken up personal leadership of the whole of progressive mankind against fascism, imperialism, and social imperialism, at this time our eyes turn to the East, to bright red People's China and we joyously hail the great, glorious and correct Communist Party of China, the invincible People's Liberation Army, and the Chinese working class and people!

We wish a long, long life to our beloved leader, Chairman Mao!

Susan Herzog and Roger Trentey

follow the arbitrary rules of the court. July 8th: Fascist police raided the home of Susan Herzog and arrested Fred Herzog (Susan's husband) and Ian Walker for "defamatory libel" allegedly appearing in *PROGRESSIVE WORKERS' JOURNAL* No. 4. Fred was visiting his wife at the time.

July 9th: Fred and Ian came before the magistrate to "elect" the type of "trial" they would have. Both were denied bail.

July 10th: Ian and Roger appeared on the CLC charges and chose "trial" by magistrate. They refused to agree with the magistrates' overruling of their choice and for this each was given 28

days for "contempt of court".

July 15th: Fred, Ian, Roger and Susan were remanded to August 5th for preliminary hearing. Bail was set at \$25,000 for Fred and \$5,000 for Ian. A fight erupted in the court as the comrades defended themselves from a frenzied attack by police agents when Fred complained that lies were being concocted about his immigration status.

July 28th: Susan was "tried" and sentenced without benefit of being able to attend her own trial. The fascist section 557 of the Criminal Code was used to deny her the right to speak in her own defense because she dared to denounce the judge and the fascist proceedings. She was sentenced to 60 days in jail for "assaulting a police officer" who had in fact assaulted her. Roger was sentenced to 30 days for "causing a disturbance".

August 5th: The "preliminary hearing" on the charges of "defamatory libel" was held. "Evidence" introduced photographs of revolutionary leaders Chairman Mao and Lin Biao, along with the works of Marx, Engels, Lenin, Stalin and Mao Tsetung. This "proved" that the "accused" were "communists". Magistrate Rolf said that there was basis not only for charges of "defamatory libel" but also for "sedition". "Trial" by judge and jury was set for August 31st. Comrade Fred pledged that he would persist in telling the truth even if it meant twelve years in jail. He referred to a famous quotation of Chairman Mao Tsetung to show that the reactionary courts were only "lifting a rock to drop it on their own feet!"

September 8th: The four comrades appeared in court once more to "enter a plea". Fred Herzog made a statement in spite of the attempts of the prosecutor to stop him by threatening to charge him with "contempt of court". Fred said he had no association with *PROGRESSIVE WORKERS' JOURNAL*. He said: "In the true character of imperialist justice, I have been detained now for two months on only the evidence of my support for the anti-imperialist struggle, as it is quite clear from the preliminary trial." The prosecutor interrupted to try to suggest that Comrade Fred was insane. In a clear attempt to hide the true nature of the case, he suggested that Section 524 of the criminal code be used to "prove" Fred's "insanity" and refuse him the right to a trial. Fred staunchly went on: "To show the "innocence" of the U.S. lackey police who attacked the people demonstrating against the treacherous imperialist labour aristocrats of the CLC, your kangaroo court went so far as to spring a trial on one day's notice and then remove one of the "accused" from the courtroom during her entire trial. The court then launches an attack on an anti-imperialist journal for boldly stating the truth - that the courts do not seek truth to serve the people but camouflage truth to serve imperialism." He concluded his statement by expressing complete faith in the success of the anti-imperialist revolution of the Canadian people and calling for the destruction of the U.S. lackey police and courts.

During the time that they were held

in jail, the comrades were denied the right to read any progressive literature. *PEOPLE'S CANADA DAILY NEWS*, the Communist newspaper *MASS LINE* and *PEKING REVIEW* were prevented from reaching the comrades by the prison authorities. Comrade Susan was also subjected to an enquiry by the fascist immigration department. They plan to deport her for her anti-imperialist political activity.

After three months of harassment, attacks and vicious slanders against the comrades, the courts called them up without notice to enter a "stay of proceedings" on charges that had already been reduced twice (the first charge of "defamatory libel" was reduced to "publishing libel known to be false", then the second charge was reduced to "publishing libel" because the original charge was "hard to prove"). The courts thus openly admitted that the comrades were being persecuted for spreading the truth amongst the people, and went so far as to attempt to try them for this!

Having exposed themselves utterly, the courts could go no further in their desperate attempts. Under the pretext of "unwarranted expense" they tried to drop the entire proceedings. At the same time, they leave the charges open so that they can be pursued at any future date. After having tried this shameless maneuver, the Supreme Court Judge scampered from the court like a scared rabbit as the comrades directed a withering denunciation against the court. Justifiably enraged, Fred Herzog declared, "We have been in prison for three months on phon-

ey charges. This is typical fascist justice!" The RCMP moved in to silence the

four comrades and attempted to forcibly remove them from the courtroom. A fierce battle broke out between the four communist revolutionaries on the one hand and the RCMP and city police on the other. Fighting erupted in the courtroom and in the halls of the court building. It took a large number of police to attack them, to handcuff them and hold them under the

threats of "assault charges". The comrades were later released. This shows the terror of the Canadian compradore bourgeoisie. They have tried every trick to try to stop the development of the anti-imperialist movement in Edmonton, but each trick only further exposes them to the broad masses. In order to try to escape their future punishment at the hands of the people, they have released the comrades without daring to pursue their fascist "trial". As Comrade Fred Herzog said, quoting from Chairman Mao:

"Lifting a rock only to drop it on one's own feet" is a Chinese folk saying to describe the behaviour of certain fools. The reactionaries in all countries are fools of this kind. In the final analysis their persecution of the revolutionary people only serves to accelerate the people's revolutions on a broader and more intense scale. Did not the persecution of the revolutionary people by the Tsar of Russia and by Chiang Kai-shek perform this function in the great Russian and Chinese revolutions?"

Government of People's China Supports Palestinian People's Struggle!

Chou En-Lai confers with Yasser Arafat in Peking, expressing warm solidarity with the Palestinian guerrillas.

Statement of the Government of the People's Republic of China

September 21, 1970

Peking Review, No. 39
September 25, 1970

THE recent development of the Middle East situation has aroused the close attention and concern of the Chinese people and the people of the whole world.

On September 17, 1970, U.S. imperialism instigated the reactionary military government of the Kingdom of Jordan flagrantly to dispatch large numbers of troops to launch frenzied attacks unprecedented in scale against the Palestinian guerrillas in a wild attempt to wipe out the revolutionary armed forces of the Palestinian people at one stroke. In these circumstances, the Palestinian guerrillas rose valiantly to fight back in self-defence. At present, the Palestinian guerrillas are heroically fighting a bloody battle. The Palestinian, the Jordanian and other Arab peoples, filled with hatred for their common enemy, are carrying out struggles against this counter-revolutionary atrocity committed by the reactionary Jordanian military government under the instigation of U.S. imperialism. A new revolutionary storm against U.S. imperialism is rising in the Middle East.

This reactionary atrocity on the part of the reactionary Jordanian military government was wholly engineered and planned beforehand by U.S. imperialism. Developing and growing in strength, the Palestinian guerrillas have increasingly become a serious obstacle to U.S. imperialist aggression in and control of the Middle East. With bitter hatred for and mortal

fear of the Palestinian guerrillas, U.S. imperialism has long been racking its brains in wildly scheming to stamp out the raging flames of the revolutionary armed struggle of the Palestinian people. The recent incident is another and still graver military attack launched by the reactionary Arab forces following the defeats in their continuous armed repression of the Palestinian guerrillas under the instigation of U.S. imperialism in October last year and February and June this year. Deep in the night of September 15, Nixon personally convened a meeting in the White House "to consider the Jordanian crisis." On September 16, the pro-U.S. military clique in Jordan set up a reactionary military government. On September 17, this reactionary military government ordered the launching of an all-out attack against the Palestinian guerrillas. On September 18, the U.S. Department of Defence openly declared that it was reinforcing its Sixth Fleet in the Mediterranean Sea and its air force stationed in Turkey. On the same day, the U.S. White House declared that "contingency plans" had been drawn up, and thus put forth a military threat. Meanwhile, the U.S. imperialist tool for aggression Israel, on its part, amassed troops on the west bank of the Jordan River, seeking an opportunity for rampant actions. The facts are crystal clear: This is a grave provocation of U.S. imperialism against the Palestinian people as well as

another monstrous crime committed by it against the Arab peoples.

The Chinese Government and people strongly condemn U.S. imperialism and its collaborator and lackeys for their recently concocted plot of a fresh military aggression in the Middle East, and strongly condemn U.S. imperialism for instigating the reactionary Jordanian military authorities to launch military attacks against the Palestinian people's armed forces. The Chinese Government and people firmly support the Palestinian people's armed forces in fighting back in self-defence and firmly support the Palestinian and other Arab peoples in their just struggle against U.S. imperialism and its lackey Israeli Zionism. Should U.S. imperialism dare to launch a new military adventure in the Middle East, it will inevitably end up in ever more tightening the nooses around its neck, thereby hastening its own destruction. The Palestinian people's revolutionary struggle is "a just cause enjoying abundant support." We believe that so long as the Palestinian and other Arab peoples persist in unity, persevere in armed struggle, fear no threat and refuse to be deceived, they will certainly frustrate all military attacks and political schemes of U.S. imperialism.

The Palestinian and other Arab peoples are sure to win! U.S. imperialism and its collaborator and lackeys are bound to be defeated!

News in Brief on Quebec

LACHINE CDDP
ISSUES STERN WARNING

STUDENTS SUPPORT

THE RIGHT TO DISSEMINATE MAO TSETUNG THOUGHT

Montreal, Quebec

Called on to the campus of Sir George Williams University to arrest a student, Harold Glick, for selling People's Canada Daily News, the Montreal Police were severely denounced by the students present. They had to flee empty-handed. The incident occurred in the cafeteria where the assistant Dean of Students brought three "security guards" and two uniformed police to stop the spread of revolutionary ideas. In front of 200 students Harold resisted this attack and pointed out that the administration was using the just struggle of the February 11th students to impose a dark rule of "law and order" onto the student body.

"Smashing arbitrary rules and regulations is the main trend in Sir George today," Harold declared. "In two years of struggle the Sir George students have made a contribution to the Quebec people's struggles and the day is not far off when arbitrary rules and regulations will be eliminated by the students themselves."

Lachine, Quebec

The People's Democratic Rights Committee (CDDP) of Lachine has issued a statement notifying the citizens of Lachine that the anti-people bureaucrats at City Hall are conspiring to close down Progressive Books and Periodicals on 6th Avenue. On September 15, two clerks from the city administration came to announce that it was "illegal" to display portraits of Chairman Mao and Comrade Stalin outside the store. When confronted as to what law this was, the two managed only to utter that the "city would pass one." Soon after the Fire Commissioner arrived to "inspect" for "fire hazard". "Had we known that you were selling these kind of books which serve the interests of the working class," he said, "we wouldn't have given you a license." The leaflet points out that there are other bookstores in Lachine which distribute the ideology of the bourgeoisie and that these stores are rarely harassed by the Police. In a warning to reactionaries, the leaflet ends, "Any attempt to trample on the democratic rights of the working people of Lachine will be met with stiff resistance. The people are determined to liberate Quebec from their 2 main enemies, U.S. imperialism and Anglo-Canadian colonialism."

continued from page 1, (Cruise)

Comrade Cruise was accompanied in court today by his close comrade, Tom Bates, who time and time again rose to denounce the court for its atrocity. "We refuse to participate in these hearings, this court refuses to seek truth from facts, concocts facts to camouflage truth." When he denounced Judge Morrison as a fascist running dog, he was dragged, still struggling, out of the court.

A witness at today's trial noted many irregularities, including the fact that the prosecution witnesses contrary to bourgeois law, were allowed to congregate together and concoct their testimony. This same witness reported the judge as saying in a previous trial, "I do not intend to be gratuitously insulted every Thursday just because the police refuse to go ahead with this trial." The judge ordered the press that it could report the proceedings, but none of the so-called "evidence" of two lumps who were seen participating in the attack on the bookstore. The reactionaries were caught in their own lies. The charge of possession of an offensive weapon must prove the comrades were not on bookstore property. This they could not show at all; they could only slander the "commie book store", as the crown prosecutor said, for its faithful service to the people of Hamilton.

PEOPLE'S WAR!

The Cambodian People Are Sure to Win Their War Against U.S. Aggression and for National Salvation

Hanoi, September 25 (Hsinhua) —

The Cambodian people and National Liberation Armed Forces in their valiant fight against the U.S. and Saigon puppet aggressor troops and the reactionary Lon Nol troops, wiped out or disbanded nearly 110,000 enemy men from March 18 to September 18, 1970 including over 38,000 U.S. and Saigon puppet aggressor troops, thus making splendid military exploits, according to the Viet Nam News Agency quoting a report of the News Agency of Kampuchea.

The report said that following the March 18 coup d'état instigated by U.S. imperialism and the usurpation of power by the U.S. lackey - the Lon Nol-Sirik Matak Clique, U.S. imperialism dispatched U.S. and Saigon troops to invade Cambodia on a large scale, scheming to put out the revolutionary movement of the Khmer people and to sabotage Head of State, Samdech Norodom Sihanouk's policy of peace and neutrality in a vain attempt to reduce the country into a U.S. military base and a new-type colony. Contrary to the aggressive designs of U.S. imperialism, however, the revolutionary forces of the Cambodian people, instead of being put out, have rapidly developed in all fields, and Cambodia's territory, instead of being reduced to a military base and colony, has become a fortified stronghold to annihilate the U.S. aggressors.

The report said that the Cambodian people with a tradition of dauntlessness have developed their revolutionary cause to a new phase by unanimously responding to the call of Head of State Samdech Norodom Sihanouk to rise to fight against U.S. aggression and for national salvation, closely uniting under the militant banner of the National United Front of Kampuchea and the Royal Government of National Union and waging all-round resistance war of the entire people.

In the six months of fierce struggle against the enemy, the report said, the Cambodian people and the National Liberation Armed Forces have held the initiative of action on all battlefields and put out of action nearly 110,000 enemy troops including over 38,000 U.S. and Saigon puppet troops, wiped out, mauled or disbanded nearly 100 enemy battalions including three brigades and two multinational units and captured or destroyed tens of thousands of tons of weapons and other military equipment. The Cambodian National Liberation Armed Forces

have inflicted an important set-back on the U.S. imperialists, forcing the U.S. combat troops to pull out of Cambodia and driving the Saigon and the Lon Nol puppet troops into great passiveness. Almost all the enemy's strategic communication lines from Phnom Penh to various localities have been cut off by the Cambodian National Liberation Armed Forces. At present, Phnom Penh is encircled and isolated by the Cambodian people and the National Liberation Armed Forces.

The report said that in the past six months the people and the National Liberation Armed Forces of Cambodia have successfully liberated vast areas of strategic importance covering more than two-thirds of Cambodia's territory including Kratie, Mondolkiri, Ratanakiri, Stung Treng and Preah Vihear Provinces and many towns with nearly three million inhabitants. People's political power at various levels has been set up in many places and is leading the people in the fight against U.S. aggression and for National Salvation. This proves that the U.S. imperialists can not save the reactionary Lon Nol-Sirik Matak Clique from final collapse by bombs, bayonets and dollars.

Sustaining bitter setbacks, the report said, Nixon had to declare troop withdrawal from Cambodia, but he remains stubborn and perfidious, leaving tens of thousands of Saigon puppet troops in Cambodia for permanent occupation of the country in a vain attempt to bolster the morale of the Lon Nol Clique. At the same time he ordered extremely barbarous air raids on Cambodia's territory as a direct support to the Saigon and Lon Nol troops. However, all these moves of the enemy have been foiled by the people and the National Liberation Armed Forces of Cambodia.

In spite of fierce air raids by the enemy and bad weather since July this year the people and the National Liberation Armed Forces of Cambodia, firmly holding their initiative of action on all battlefields, have launched repeated attacks on the Saigon and Lon Nol puppet troops, winning many important successes.

Along with the great military victories, the report said, the Cambodian people have also won extremely important political and diplomatic successes.

Right after its establishment, the Royal Government of National Union of Cambodia immediately received warm support from the entire people of the country and was officially recognized by more than 20 countries over the world in a very short period. Especially at the recent summit conference of non-aligned countries held in Lusaka, capital of Zambia, 21 countries voted for the participation of the delegation of the Royal Government of National Union of Cambodia. The prestige of the Head of State Samdech Norodom Sihanouk and the Royal Government of National Union of Cambodia has been increasingly higher on the international arena. The just resistance of the Khmer people against the U.S. aggressors, against the U.S. paid Thieu-Ky Clique and against the reactionary and traitorous Lon Nol-Sirik Matak Clique has received wholehearted assistance and encouragement from the two fraternal neighbouring peoples of Viet Nam and Laos and the daily broadening sympathy and support from the people of the whole world including the American people. U.S. imperialism and its lackey, the traitorous Lon Nol-Sirik Matak-Son Ngoc Thanh clique have become more and more isolated both at home and in the world.

The report said that the Phnom Penh puppet regime is in a critical situation and its ranks have disintegrated more and more. Many personalities in Phnom Penh regime who have seen through the traitorous nature of the reactionary Lon Nol-Sirik Matak-Son Ngoc clique have abandoned the reactionary regime, henchmen of the United States, and joined the National United Front of Kampuchea to resist the United States and save their country.

The report said in conclusion: although the U.S. imperialists and their lackeys have suffered disastrous defeats they are still trying desperately to expand the war. However, the more stubborn and cunning they are, the more powerful the Cambodian people's resolute resistance will be. The Cambodian people who are advancing victoriously are determined to defy and overcome all difficulties and hardships in pushing the war of resistance against the United States to new developments, and to unite closely with the fraternal Vietnamese and Laotian peoples to completely defeat the U.S. aggressor gangsters and the traitorous lackey cliques.
