Dear comrade,

I just see your letter published by the Discussion Bulletin, vol. 36, n. 18.

I think that my position on Cuba is clear. I am not for a political revolution in Cuba at the present stage, but I do not share the attitude of the SWP majority ~~which is to my view~~ which to my view is to uncritical to the Cuban leadership. I do not believe that my position has to be characterised as "centrist".

Fraternally yours
