Socialist Workers Party (NO)

Dear Comrade Barnes:

The Communist Tendency wishes to state that its political line, developed in its counter-resolution, represents an alternative position to the totality of those of **the** leadership. We, therefore, wish our resolution to be considered as a composite resolution to be voted against all NC draft resolutions as well as any other counter-resolution.

Comradely,
s/David Fender

Dear Comrade Fender,

This is to acknowledge your letter of July 30.

Any supporter of the Communist Tendency in a branch can put forward, at the appropriate time, a motion to approve the general line of the counter-resolution of the Communist Tendency. He or she may also state his or her intention to vote "against all NC draft resolutions as well as any other counter-resolution."

Comradely,
s/Jack Barnes
Organization Secretary
