To All Organizers and YS Directors

Dear Comrades,

On June 8th we sent you a letter on the July-August YS in which we outlined a special offer on sales: the local that sold the most YS'es per capita of the July- August issue would receive its bundle free of charge.

Please fill out the form below and send it to the National Office no later than September 7th. Sales are to be counted up to the last day of August. Formal members plus candidates are to be added up who have been members or candidates since July 1 or before. The total number is to be indicated on the form. If a member or candidate was taken in after July 1 and sold the YS they should be counted into the total figure. These figures must be accurate in order for us to determine which local wins the prize.

A lot of locals have indicated that the current YS is selling well. Chicago who had a bundle of 200 has raised it to 350. New York has raised its bundle from 325 to 525. We have rerun 1200 of the current issue to fill the increased orders. Let's put maximum effort into selling as many YS'es as possible.

Enclosed you will find an ad that the Detroit local placed in the Fifth Estate, an underground newspaper, that has a large readership in the Detroit area. It was a good idea and something which could be tried in other areas in campus newspapers and in radical publications etc.

Comradely,

Charlie Bolduc
