

SUBJECT INDEX

SPARTACIST—

Summer 1981 to Summer 1987 (Issues Nos. 31-32 to 40)

This volume contains the issues of *Spartacist* (English edition) published from Summer 1981 (No. 31-32) through Summer 1987 (No. 40). *Spartacist* is the theoretical organ of the International Communist League (Fourth Internationalist), which is published with varied contents and frequencies in English, French, German and Spanish. During the period covered by this volume, *Spartacist* was published by the International Executive Committee of the international Spartacist tendency, predecessor of the ICL(FI).

This volume also contains two pamphlets published by the Spartacist League/U.S. which cover subjects of international concern and which could well have been published as *Spartacists* at the time. They are "Solidarność: Polish Company Union for CIA and Bankers," 8 October 1981, and

"The Socialist Workers Party: An Obituary," 29 May 1984.

Two other pamphlets published during this period are not included in this volume as they are highly topical in nature and consist overwhelmingly of reprints from *Workers Vanguard*, biweekly newspaper of the SL/U.S. Most of the articles which comprise "El Salvador: Military Victory to Leftist Insurgents!" (Spring 1982) can be found in the bound volumes of *Workers Vanguard* for 1981 and 1982 (Nos. 12 and 13). Most of the articles which comprise "KAL 007: U.S. War Provocation" (Autumn 1983) can be found in the *WV* bound volume for 1983 (No. 14). Both of these latter pamphlets also contain a few articles reprinted from *Young Spartacus* in 1981 and 1982 which at the time was the monthly newspaper of the youth section of the SL/U.S.

GUIDE TO THE SUBJECT INDEX

- The fullest listing is by SUBJECT. Subject headings are arranged alphabetically. Entries are listed under subject heads chronologically.

- The numbers following each entry headline give the issue number, date and page number(s) for the article. Thus:

Massacre in Sri Lanka, No. 35, Autumn 1983 (32, 29-31)
means the title of the article, Issue No. 35, Autumn 1983, beginning on page 32 and continuing on pages 29, 30 and 31.

- No entry is listed twice; see cross references for guidance in locating the subject head for particular articles. Cross references are of two types: those following the word "see" deal centrally with the subject head; those following the words "see also" are related articles. Subject heads in cross references are separated by a semicolon. Thus:

Permanent Revolution—See **Iran; Socialist Workers Party.**

means that articles that deal with the question of permanent revolution can be found by going to the subject heads **IRAN** and **SOCIALIST WORKERS PARTY.**

- Individuals mentioned in articles are usually not listed separately unless the article is primarily about the given person. Entries relating to specific countries are listed mainly under national headings, occasionally under regional ones, as appropriate. Articles which particularly concern political organizations, national or international, are listed under their organizational names.

- Contemporary studies on historical aspects of the Marxist movement are listed under **HISTORY OF THE MARXIST MOVEMENT**, while historical reprints are listed under **ARCHIVES OF MARXISM.**

- Abbreviations used in entries are:
