

SCHOOLS GRIND OUT WORKERS FOR BREAD LINE

OMAHA, Neb., Jan. 18.—The unemployment situation here is growing worse rather than showing any improvement. Negro workers are particularly affected by this condition. The Colored Commercial Club reports that 150 men apply for work daily, for whom there are no jobs to furnish. In the past few weeks business failures in the city have thrown hundreds of white colored workers onto the slave market. Businessmen have shut down their banks. Hundreds of thousands of workers are being turned out of jobs. Thousands of high school and business colleges are turning out hundreds more of "trained office workers" who are being thrown out of their employment offices in fruitless quest of work. When the occasional job appears it is open to the unemployed. It is told that "only experienced help is wanted." And at wages ranging from 10 to 15 cents an hour a week the laborer being about the highest rate for women workers.

Restaurants and cafeterias are even getting by to some extent. They are told that "only experienced help is wanted." And at wages ranging from 10 to 15 cents an hour a week the laborer being about the highest rate for women workers. Such advertisements as appear in local capitalist newspapers, trying to position offering the "ambitious" an opportunity to wear their shirt for a few dollars a week, are being taken up by the local chamber of commerce. The local chamber of commerce held out a sign of a Sears-Roebuck branch which was announced, would employ 200 workers. Hundreds of workers there are fully five times that number out of jobs. The branch went to the city, however. Perhaps the chamber of commerce will tell the jobless to hike down there, and join the mob which will undoubtedly seize the "branch" for an opportunity to labor for Sears-Roebuck's famous wages scales.

Faker Urges Bonus for Workers. Meantime, the local labor agitator have launched another fake "bonus" to sandbag the local business men. This race announces that it will "pay" more money for the unemployed and tries to "kill" the Communist who would demand motions before an union wages rather than enforced slavery. The editor of this sheet, who fears to print his name, is anxious that this is his "soup-bone philosophy." Considering that the capitalist class gives the jobless one reasonably good food on Christmas, it would seem that this "bonus" is the least support "bonus" rather than "soup-bone" but such are the antics of those who don't know the labor organizations and try to exploit the Communist. The unemployed will learn to choose their names and they come to realize the need of leadership.

THE WORKERS PARTY FOR AMERICA NOTES FOR DETROIT

Detroit Lenin Memorial Program. DETROIT, Mich., Jan. 18.—Detroit Communists will hold their Lenin memorial meeting Sunday, Jan. 25, at 1000 St. Aubin. An exceptional program of appropriate vocal and instrumental numbers has been arranged, and Robert Minor, cartoonist of the DAILY WORKER, will deliver the principal address. The memorial meeting will not be for the purpose of going into mourning over the death of the great leader. It is to acquaint the masses with the principles of Leninism and to awaken in them the consciousness that only through an application of these principles in their daily struggles can they make themselves victorious in their struggle for power. The meeting will be under the joint auspices of the Workers Party and the Young Workers' League. Admission is 25 cents.

C. C. C. Meeting Monday Eve, Feb. 2. DETROIT, Mich., Jan. 18.—Notice has been sent to all branches of the Workers Party of Detroit regarding the enlarged session of the city committee on Monday evening, Feb. 2. The executive committee of all branches, as well as the district committee, are invited to attend. The purpose of the meeting will be to outline the political and industrial program of the Workers Party and to discuss the municipal election in Detroit and the municipal election in April which will be held in November. The Workers Party of Detroit on the basis of the stop model, trade union activity and the formation of the various trade sections constituting the Trade Union Educational League will be thoroughly discussed. Branch executive committees will be in a position to direct the branch work as a result of the enlarged session.

Workers Cheer Lenin Pictures and Soviet Films Shown Here. An enthusiastic crowd that filled Galters' Theater wildly cheered Lenin when the film "The Memoriam-Lenin" was shown. The other movies, "Polkubka" and "Soldier's Friend" were also applauded by the audience. The workers in the theater admitted to the writer that they were very glad to see the pictures. The pictures had to be shown three times to accommodate the crowd. The janitor of the picture operator was as enthusiastic as the audience. "This is the stuff for workers," he said. "Where did you get it? We haven't got such pictures in the United States. Why don't you get it in Moscow at once? It is wonderful that the theater fully agreed with him as he watched the movies with interest. He wasn't only the worker that praised the pictures. An old physician said: "It is the first time in my life that I have seen a theater for half an hour to see a movie, and I don't regret waiting. It is a wonder that in the Moscow at once it can produce such a picture." The committee of the Technical Aid Society, under whose auspices the pictures were shown, was so enthusiastic about the affair that they decided to run another movie in the near future.

MILITANTS ATTENTION! The Chicago Trade Union Educational League is arranging several campaigns which will require the services of about a hundred people for the distribution of leaflets. JACK JOHNSTONE WILL SPEAK ON A. F. OF L. CONVENTION AT THE NEXT MEETING OF CHICAGO BRANCH T.U.E.L.

Jack Johnstone, assistant secretary of the Trade Union Educational League, will report on the A. F. of L. meeting at the next regular monthly meeting of the Chicago branch of the League. The meeting will be held on the 22nd Wednesday in January at 8 p. m. in North West Hall, corner of Western and Adams. Comrade Johnstone reported the El Paso convention for the DAILY WORKER and traveled to Mexico with, but not as guest of, the labor leaders who accepted President Calles' offer of Mexico invitation to witness the inaugural ceremonies in the Mexican capital. Johnstone has the unusual distinction of being the first Communist reporter in America to announce the passing of America's greatest labor leader.

ST. LOUIS, MO.—The vote was for the majority 18, for the minority 6. Philadelphia Y. W. L. Held Enthusiastic Liebknecht Meeting. PHILADELPHIA, Jan. 18.—One of the biggest meetings ever held under the auspices of the Philadelphia Young Workers' League was the Liebknecht memorial. Judging by the crowd that filled Eagle's Temple it is evident that the program of the league is reaching more workers than ever before. The main speaker was Comrade Oliver Carlson. Comrade Carlson gave a brief outline of Liebknecht's activities in the International Youth Movement. He stated that if it was not for the fact that Liebknecht was murdered, he would have been the founder of the I. Y. W. L. Great was the applause when Carlson concluded by pointing out that it was the Young Communist International that is the highest developed state of the youth movement and is carrying on the fight for which Liebknecht and Luxemburg were murdered.

ONE PER CENT MORE JOBS IN N. Y. STATE But Small Rise Still Leaves Jobless Army

(By the Federated Press) NEW YORK, Jan. 18.—Employment in New York state factories ran counter to the usual seasonal trend, rising 1 per cent between November and December, according to the monthly report of the state industrial commissioner. This brings the number of factory payrolls to a level 7 per cent under December 1923 and 12 per cent below the peak of the 1922 business boom. Tens of thousands are employed in the state at that time are still out of work. The year-end gain, according to the report, was due to improvement in the basic industries making producer goods on which the business cycle depends. Significant changes by industries were a 12 per cent increase in employment in pig iron and steel mills; reemployment of 2,000 workers in brass and copper establishments; the fall of Jan. 1924 leaving 2,000 who had jobs during peak employment of 1920 factory payrolls to a level 7 per cent below the peak of the 1922 business boom. Tens of thousands are employed in the state at that time are still out of work.

AS WE SEE IT By T. J. O'FLAHERTY.

(Continued from Page 1) planned the great revolution and brought the Soviet regime safely through after crisis, weathered every storm and is today more strongly entrenched in the confidence of the masses than ever. SINCE the first Lenin memorial was held one year ago, the Ramsay MacDonald government has passed out of the picture. About all that is left of the picture for the capitalists who were their own ruin is the memory of the morass in which the world war had engulfed them. They must have the benevolent policy of the workers in order to get back to terra firma. The socialists came in handy in this course. MacDonald had the cowardly capitalist parties would have done this in any event. He was wanted recognition and so did the labor movement. What else could Ramsay do?

THE Ramsay MacDonald government accomplished nothing of value to the working class. It showed a willingness to serve the capitalists. It was a government that could get along without MacDonald they framed up on him and now he is wintering in the Caribbean Sea. On the other hand, led by the Communists has some from the movement in the continent of Europe. Finally resumed relations with

IN the East, China recognized the Soviet power and today the red flag flies in Peking. Japan is about to sign a treaty with the Soviet Union. The United States have given Charles Evans Hughes his walking order. He insists on declaring that Soviet Russia is a diplomatic myth and that the Soviet Union is a capitalist state. American capitalists may be strangers to class literature but they know a real enemy when they see it and Comrade Tchericher has his name on so many treaties that it is beginning to dawn on them that they are not a rather substantial sort of a ghost.

IT is quite likely that by the time we celebrate the next Lenin memorial, after the forthcoming one, a Communist ambassador will be stationed in Washington with the red flag flying over the embassy where foreigners will be able to see the great man. This will be hard on bourgeois eyes, but they will have to get used to it. It is not to be thought of Russian workers to look at the flag of J. F. Morgan flying over the American embassy in Moscow, but they know that it will not be for long. They know that the American workers will take care of their own capitalist government, and that the flag of Lenin, will some day float over every capital in the world.

However, the insurance job in District 5 is not yet completed. There are many branches that have not as yet sold insurance Policies to their members, or having sold them, have not remitted. There are, in fact, 44 such branches.

It would be a quite proper Communist aspiration if the branches in District 5 would decide to keep their lead of the 86 branches in the district 42 have taken part in the insurance campaign and 44 have not. If returns can be secured from the 44 that have not been heard from in a measure equally generous as the 42 militant branches show, then District 5 should have its quota two-thirds filled with the white man.
