AS WE SEE IT
By T. J. O'FLAHERTY.

The editor of the official organ of the International Ladies' Garment Workers' Union is in a predicament. It is not of the kind associated in the public imagination with struggles against the powers that be, but a predicament of a peculiar nature. This follows a note in Yanovsky and a more confirmed headline it is hard to find. In a recent issue of his paper, while commenting on the election of the general executive board, he mentioned the presentation of a marriage license to the social fabric, at the I.W.G.U. convention, Yanovsky said: "It had fittingly expressed the high regard and love that he had for me for many years past. In addition the international has, by virtue of this act, gained for itself the friendship and recognition of a host of organizations and leaders in the American labor movement. It is for the very reason that the socialists purchase the recognition of the bourgeoisie, that and by explicit radical."

ATTORNEY GENERAL STONE... Attorney General Stone has filed his fitness for a seat on the supreme court bench by his action in public prosecution of the case against several wealthy members of the council of national defense. These persons took advantage of the fact that the council on the council by robbing the government. One of them was a former secretary of war, but he had an adept in the art of connecting with many money. Perhaps he did not treat Daugherty right and drew an indictment.

BERNARD and Calvin Coolidge are putting up a united front in trying to keep the republicans who support LaFollette during the present campaign of the republicans party. Berger says that this coalition will compel those wobbly politicians to throw in their lot with the "third party" which he hopes will be the result. After next February 24, when the convention of the conference for progressive political action will meet. But the "progressives" are many politicians and realize that there is very little sentiment at the present time for a new party bourgeois party. They are a few lefty bourgeois party.

THE "progressive" organization... The "progressive" organization, which they had formed to do, is directly the managers of the G. O. P. platform ticket "Bols" views on being from within actually, so he and his friends are now on the outside of the republican camp, looking in longingly. Those who laugh last laugh longest.

THE Germans have another scandal on their hands. Last week the socialists were involved when it was learned that their leaders, while in control of the government, were worth millions of dollars to a certain company, headed by an enterprising gentleman named Barman. This time the nationalists are involved. They want one better than the socialists. Where the latter dealt in millions, the nationalists handed out hundreds of millions. When the scandal involving the latter government was first made public, Vorwärts joined the anti chorus of attack, but strange to relate on the day following it, shut up like a clam. Why? Think it over, the brain exercise will prove more mentally invigorating than solving cross-word puzzles.

AND little Austria is going under the hammer! Things are very bad in Vienna, the capital of the league of nations' little pet. The bourgeoisie are taxed to death by the social democrats, say the bourgeoisie, hence business is on the bum. Of course, Vienna being ruled by the socialists, perfect democracy prevails there. No dictatorship here! The employers own their own shops and the workers slave for them just as under the Hapsburgs. A few weeks ago the co-operatively owned bakery, run by the socialists, was purchased by a capitalist concern. The national league of nations refused to spoon feed the little wack any longer, the workers must be run by another brand of capitalist democracy, the kind that pays big dividends to the capitalist.

NOTHING TO DO,
SAY A.F. OF
HEADS IN MIAMI
Have 'Routine' Only at
Florida Resort

MIAMI, Fla., Feb. 4.—National labor leaders, here for the first meeting of the executive council, American Federation of Labor, since the death of their chief, Samuel Gompers, said today that he had had a "routine" day. He had had a "routine" day, he said, and that all routine business would be transacted. William Green, Gompers' successor, presided over the first session, which was held behind closed doors, as will be all other sessions during the week here and the labor officials are here, unless the labor officials are here.

Duncan Doesn't Show Up... James Duncan, first vice-president who resigned when Green was elected to succeed Gompers, is not here, but his resignation is the subject of a public meeting and will be held Friday night when Green will address him. It is either now or then that the work of the new administration will be given at that time.

COMMUNISTS IN
MINNEAPOLIS ARE
TAKING OFFENSIVE
Fight to Oust All Professional Politicians

MINNEAPOLIS, Minn., Feb. 4.—The Minneapoli county committee of the farmer-labor federation, held a meeting Feb. 2, where the following resolutions were introduced from the tenth ward branch of the farmer-labor federation condemning the expulsion of A. O. Johnson and C. R. Hedlund as members on the state executive committee. Whereas, it has come to our notice that the state executive committee of the farmer-labor federation, at a recent meeting passed a motion excluding from membership on their committee two members, J. O. Johnson and C. R. Hedlund, and whereas, these two members, J. O. Johnson and C. R. Hedlund were elected to membership on the state executive committee at the last state convention of the farmer-labor federation held at Minneapolis on March 13, 1924, and were elected to represent the fifth and tenth congressional districts respectively, and whereas, such an attitude is subversive of the rights of the members of the farmer-labor federation in choosing their own officers, therefore be it resolved that we, the members (Continued on page 2)

PRESIDENT OF MINNERS
UNION THANKS DAILY
WORKER FOR PACKAGES

A short time ago the employees in the DAILY WORKER office sent packages of clothing to the unemployed miners of Bessemer, Ill. A few days ago we carried an appeal to all who can do so to send money for coal and to send shoes and stockings to the children of the miners of Bessemer. We print a letter we received today from the president of the United Mine Workers of Bessemer, Ill.

"By the DAILY WORKER! We received packages yesterday containing clothing which were sent by the employees in the office of the DAILY WORKER. I am sure you are all getting better soon. They will surely be glad to get the articles contained in these packages. EMPLOYMENT WORKERS
3,000 STRIKE TO GO
ON STRIKE TODAY

NEW YORK CITY, Feb. 4.—A strike of 3,000 embroidery workers is scheduled for Thursday, according to an announcement yesterday by the International Ladies' Garment Workers' Union. The embroidery workers are members of Local 66 of the organization. The workers are asking for a 44-hour week, time and a half for overtime, payment for legal holidays, minimum wages and sanitary conditions.

American Physicians Give Sun Yat Sen Radium Treatment... PEKING, Feb. 4.—Dr. Sun Yat Sen, South China leader of the national revolutionary movement, today refused the suggestion that he be taken to the hospital where he is critically ill, to give old style Chinese doctors a chance to cure him. He said he would remain and accept radium treatments from American physicians.

And We'll Bet He Sent It "Collect" As Experts Advise... BOSTON, Feb. 4.—Thomas A. Winston said East Boston today telegraphically to President Coolidge as follows: "I want work. You were elected on a platform promising prosperity, good times and better business. I am one of millions unemployed. I can't work." Winston said he had turned the city but was unable to get a job. Rescue Mother and Baby. SOUTH BEND, Ind., Feb. 4.—While Minshwaka stream fought flames that started in the basement from furnishing gases placed in a wooden basket and spread thru the house, other flames rescued Mrs. Donald Prostan and her few days old baby from rooms on the second floor of the building. They were alone in the house.

CARPENTERS ARE AGAIN SET DOWN BY JENSEN GANG
Surrender to Bosses on Wage Scale

The joint arbitration board set up by Harry Jensen, president of the Carpenters' District Council, to negotiate the question of an increase in wages with the local contractors who are signatory to the infamous "Chicago Carpenters' Agreement" accepted the bosses' compromise of \$1.27 an hour instead of the \$1.50 scale that other sections of the building trade are receiving in this city.

At last Friday night's meeting of the District Council, the Jensen gang, consisting of Jensen and his cronies, secured a majority of 12-10 in favor of the \$1.27 scale. This means that in case the local unions vote to accept the Jensen compromise, the carpenters will receive a lower scale than the painters and other sections of the building trade in Chicago. A resolution introduced by Local 50, demanding that the carpenters' scale be raised to the level of the painters and other sections of the building trade, was turned down.

The members will have an opportunity to vote on the proposed agreement, which is to be held in Chicago. It might as well know that besides voting for a scale lower than the painters and other sections of the building trade, their members will be asked to accept a "no strike" agreement over food on any section of the organized workers of Chicago. The following are some of the basic points as set forth as follows:

- 1. That there shall be no limitation on the amount of work a man shall perform during his work day.
- 2. That there shall be no restriction of the use of machinery, tools or appliances.
- 3. That there shall be no restriction of the use of any raw or manufactured material until today.
- 4. That no person shall have the right to interfere with workmen during working hours.

Article 1 of the agreement reads: "Whereas: That both parties hereby agree that there shall be no strikes, lockouts or stoppage of work and that they will by all lawful means compel their members to comply with the arbitration agreement and working rules as jointly agreed upon and adopted and that the members of the union shall with either of the two parties to this agreement refuse to do so, they shall be expelled from membership in the association or union to which they belong.

An arbitration board is to be jointly selected every year to which all matters of dispute is to be referred. The board selects an umpire, who is no wise affiliated with this trade, and his decision shall be final and binding upon all parties to the agreement. Arbitration Board Decides All. Article 2 of the agreement reads: "The Joint Arbitration board shall have full power to enforce this agreement between the man and the employer, but he was a prisoner again. Work started immediately to remove the barrier, but it is slow and tedious. Only one man can work at the digging, and he passes the shale by hand to other stations along the passageway. N. Y. Pa. and N. J. the Worst. WASHINGTON, Feb. 4.—New York, Pennsylvania, New Jersey and Maryland are the worst offenders against the dry law, officials of the prohibition bureau today told the Couden's committee. MAINE TEXTILE WORKERS SHUT MILL WITH STRIKE AGAINST WAGE CUTS... AUGUSTA, Me., Feb. 4.—Employees of Edwards Cotton Mills are on strike, closing the big No. 12 department because of wage cuts which they declare makes their pay below that necessary for a minimum living wage. The weavers of the company are forced out because of late losses.

Mine at Nankoms Shut Down After 11 Days Work

HOKOMIS, Ill., Feb. 4.—Four hundred miners were thrown out of work today when the Indiana and Illinois Coal company closed the big No. 12 mine at Witt, near here. After being closed for several years, the mine was opened December 30, last, pitching the quiet little community again into the excitement of its former activity. But there were only 11 days of work and then came the closing order. Many miners were desperately facing the double difficulty of living in a strange town and being out of work. They had moved their families to Witt from other mining camps when the opening of the mine was hailed as a new era of prosperity.

NO FEAR; COMMUNISTS WON'T ENTER THE G. O. P. CAUCUS AT SPRINGFIELD

Springfield, Ill., Feb. 4.—A "row" was precipitated among the republican members of the Illinois legislature today when a senate caucus elected Senator Herbert Giberson of Alton, elected as a democrat, to its ranks. Giberson's election two years ago came on a democratic ticket, but the republican leadership in his district at the next election on a lone hand. He deserted the democratic cause early this year and has since entered vigorous denial to the Administration republicans favored sending him to the party.

Following publication in the DAILY WORKER of the alleged list of names which was sent to employees of the Premier Tax company, urging them to join, officers of the company, entered vigorous denial to the manager and editors of the DAILY WORKER that the company or any of its officers had any connection with the hooded order. The unpopularity of the Ku Klux Klan among the organized workers of Chicago was again demonstrated when employees of the Premier Tax company held a protest meeting after the letter was made public. Officers of the company took steps to get information about the new system in the shop, whether it was to be piece work or so much per hour. They were told that the former was a premium of 25 cents an hour with a premium of 25 cents an hour for information about the new system.

EXPLORER FREED FROM ROCK THEN HELD BY SLIDE
Boulder Slips But Rocks Block Rescue

CAVE CITY, Ky., Feb. 4.—Floyd Collins, cave explorer, who has been imprisoned in the entrance of a cave since early Friday morning, was freed from the boulder holding his foot this morning, but a slide in the opening between him and his mouth of the passage-way between the man and his rescuers had left him. Collins was alone, and none of the rescuers were caught behind the rock. Information was given the rescuers by Collins, that his feet were free, but that he was too weak to force his way to the mouth of the cave. Shortly after daylight today, when rescuers had left him, Collins called to them that the boulder had slipped to one side and he was free, but too weak to crawl out. Before help could arrive a slide of loose rock closed the passage-way between the man and his rescuers and he was a prisoner again. Work started immediately to remove the barrier, but it is slow and tedious. Only one man can work at the digging, and he passes the shale by hand to other stations along the passageway. N. Y. Pa. and N. J. the Worst. YELLOW CAB SETS POLICE ON WORKERS
Wage Cut Protested; Boss Calls Cops

When a group of employees of the Yellow Cab Manufacturing company called at the office Tuesday to request information regarding the new scale of wages which was inaugurated the shop week before last, knowledge or threats, they were met with force and violence at the hands of the Chicago Motor Coach company. It employed about twelve city police officers in uniform and in plain clothes. Among the officers was a motor cycle policeman.

The Yellow Cab Manufacturing company manufactures cabs for the Yellow Cab Taxi company and for the Chicago Motor Coach company. It employs about one thousand men in its shop at 580 Dickens Avenue. The Chicago Motor Coach company, at its expense, having at least one stooge department in each department and two chief spies over the entire factory. When the employees of the annual department learned on last Tuesday, they were told that the former was paid on the old basis, of 46 cents per hour with a premium of 25 cents an hour for information about the new system. They were told that the former was a premium of 25 cents an hour for information about the new system. They were told that the former was a premium of 25 cents an hour for information about the new system.

Only Wanted Information... The spokesman for the workers informed the boss that they came to get information about the new wage system in the shop, whether it was to be piece work or so much per hour. They were told that the former was a premium of 25 cents an hour for information about the new system. They were told that the former was a premium of 25 cents an hour for information about the new system. They were told that the former was a premium of 25 cents an hour for information about the new system.

By Degrees the House Detectives... The boss was calling up another boss, the policeman. The workers began to speak on the importance of living and the possibility of workers with a reduction on the wages they were getting. The boss became furious and shouted: "I'll be damned if I'm going to let you talk like that here." He trembled with anger and stood glaring at the men. Evidently the idea of a group of workers walking into his office was repugnant to him. Organized Them Back. By degrees the house detectives began to gather. The general superintendent arrived but instead of giving any information about the new wage system, he ordered the men back to work. They insisted on being informed about the conditions under which they were expected to work, but he positively declined to give them any information. "Are we going to be paid on the old basis," the spokesman for the men demanded, "but go back to work and you will get paid." The men refused to go back to work until they were informed about the new system. The boss tried to negotiate with them individually. The police immediately began to bully the men and threaten them, calling the order of the workers "a Bolshevik." The patrol wagon was waiting outside. One of the house detectives patted his pocket where he carried his gun saying: "I have something here but will get you." The chief policeman acted just as if he were beating up strikers on the street. (Continued on page 2)

KNITTED TRADES OF NEW YORK CITY WILL STRIKE, SOME NOW OUT

NEW YORK, Feb. 4.—Knitted outdoor workers of New York and Brooklyn will be on strike within a few days. Halperin Mills, Brooklyn, is already out because of the discharge of workers who talked unionization. The International Ladies' Garment Workers, with whom the knitted wear workers are now affiliated, and the United Textile Workers, who also affiliate with, will conduct the strike. The unions have asked a conference from knitted wear manufacturers to discuss wages and working conditions in the spring needle trade. (Continued on page 2)

REVEAL FEBRUARY 28 Machinery Moving for Masquerade Ball

The Red Revel is coming! The big annual event of the party will be held on the evening of Feb. 28, in the West End Women's Club Hall, 37 South Ashland Blvd., corner of Monroe.

It will begin at 8 p. m. and it will be at least one o'clock in the morning after before P. Pan the ancient fiddler will play the last waltz.

The committee of arrangements met last Tuesday evening at the Workers Party local office, to set the machinery in motion for making the forthcoming Red Revel, the biggest yet. Each branch of the Worker Party in Chicago is represented on this committee, and each branch is supposed to send a delegate.

Novel Advertising.

At last Tuesday's meeting the committee decided to issue several copies of a little paper to be called "The Red Revel." This little paper will have editorial funny columns, advertisements, sporting column, news articles and everything that can be done in the DAILY WORKER except Fight Wiggly. It will be worth the price of admission to the masquerade ball. It is for advertising purposes and the committee expects every comrade to do his or her duty in distributing "Red Revels."

Several valuable prizes will be awarded to the best groups and stags in the masquerade. The first prize is \$50.00 cash for the best group and there is a second prize of \$25.00. There are so many prizes that it seems likely that everybody who participates in the contest will get something.

The language federations are entering enthusiastically into the spirit of the thing. National contests will be held and a convention of humming birds in the forests of Paigonia will not be more colorful than this international gathering of workers, men, women, boys and girls from all parts of the earth.

They Talk Like Clams.

It is rumored that the Juniors have something up their sleeves in the way of a novelty for the Red Revel Masquerade. They are very reticent and "the committee" could not be able to get the drop on the big idea. Judging by past accomplishments of the Juniors there is no doubt but they will provide a surprise.

It might interest our readers to know that a group from certain branches has an idea that they are going to win the prize for the best group. It will have a class struggle angle. Here it is, rather briefly, Sam Gompers flanked by Adolf Carngang and Bill Rockefeller, led by the Honorable Nick Stanton, King of the underworld.

Surprise on Abramovich.

There are many other splendid ideas, and it is not secret that our Ukrainian comrades have a scheme in which Abramovich, who is a German group will have a little burlesque on Luther, not Martin but Hans. All the other language groups, Yugo Slavs, Italians (Mussolini will have a funny), Letts, Lithuanians, Greeks, Scandinavians, Poles, Turks, Hungarians, Finns, Estonians, Roumanians, Poles, Negroes, Latvians, Russians, Irish, English, Scotch, Welsh, Canadians and Americans will be represented.

Watch for further particulars about the Red Revel in the DAILY WORKER. A good idea is to get your tickets in time. They can be had at the local office of the Workers Party, 166 West Washington Street, Room 307, or at the office of the DAILY WORKER.

P. S. Besides Communist radicals of all shades of opinion will be at the Red Revel Masquerade Ball.

HELP WANTED!

Leninism or Trotskyism?

(Continued from last issue)

We have already spoken of the two main views of the party and the two main views of the party. We have already spoken of the two main views of the party and the two main views of the party. We have already spoken of the two main views of the party and the two main views of the party.

Comrade Trotsky declares that all this is necessary for the "right" of October. But is it not possible to study the history of October without once more attacking the party and its leader, Lenin? But what is the "right" of October is this which begins and ends with the detourment of the chief leaders of the party, the revolution, with the detourment of the party which organized and carried out this revolution?

No, this is no case of the study of October. This is not the way to study the history of October. This is not the way to study the history of October. This is not the way to study the history of October.

This is the essence of Comrade Trotsky's present literary attacks. For this Comrade Trotsky's literary attacks strain the eye in Trotskyism. The detourment of Leninism is the essence of Comrade Trotsky's present literary attacks.

What then is Trotskyism? Trotskyism is the theory of the "permanent revolution." But what is Trotskyism? Trotskyism is the theory of the "permanent revolution."

How does Comrade Trotsky estimate Leninism from the point of view of the "permanent revolution"? He regards it as a theory which contains in itself the revolutionary features. Trotskyism is the theory of the "permanent revolution."

Secondly, Trotskyism is a detourment of the theory of the Bolshevik party, and its hostility to the opportunist elements. Trotskyism is, in the sphere of organization, the theory of an association of revolutionaries and opportunists, of their groups and groups in the bosom of one united party. The history of Comrade Trotsky's "August block" is surely known to you, in which Martov's adherents and Opatovits (those in favor of the withdrawal of the duma delegates), liquidators and trotskyists, having formed a "real" party work comfortably together. It is known that the aim of this strangely patched party was the destruction of the Bolshevik party. What then was at that time our "difference of opinion?" In that Leninism saw the guarantee of the development of the proletarian party in the destruction of the "August block," whereas Trotskyism saw in this block the foundation for the creation of a "real" party.

64 PAGE PAMPHLET ON LENINISM OR TROTSKYISM NOW IN PREPARATION

This pamphlet is part of a pamphlet "Leninism or Trotskyism" now in preparation. It is a 64 page pamphlet, written by three outstanding figures in the Russian Communist Party: G. Zinoviev, I. Stalin and N. Khamanov. It is to be a most timely and important contribution to a discussion of the world situation. The pamphlet will be of 64 pages, setting at 20 cents and will be ready at the conclusion of this serial publication.

It could be compared with Trotskyism in its discrediting of the leaders of Leninism or of the central institutions of the party. What for instance is Comrade Trotsky's "amiable" remark about Lenin's work, when he describes him as a "professional organizer of every backwardness in the Russian workers' movement" (see a letter already quoted in the "Red Revel")? This is however by no means the most "amiable" remark of all the "amiable" remarks of Comrade Trotsky.

How was it possible that Comrade Trotsky who has such an unpleasant record on his back, yet found himself in the October revolution, in the ranks of the Bolsheviks? This happened because Comrade Trotsky has an extraordinary talent for self-relief) of his burden and hid it in a superbly written and completely serious cooperation with Comrade Trotsky would have been impossible. The theory of the "permanent revolution" is the theory of the "permanent revolution" which is the theory of the "permanent revolution" which is the theory of the "permanent revolution."

The same unpleasant affair "happened" with the "permanent revolution" which is the theory of the "permanent revolution" which is the theory of the "permanent revolution" which is the theory of the "permanent revolution."

What then is Trotskyism? Trotskyism is the theory of the "permanent revolution." But what is Trotskyism? Trotskyism is the theory of the "permanent revolution."

How does Comrade Trotsky estimate Leninism from the point of view of the "permanent revolution"? He regards it as a theory which contains in itself the revolutionary features. Trotskyism is the theory of the "permanent revolution."

Secondly, Trotskyism is a detourment of the theory of the Bolshevik party, and its hostility to the opportunist elements. Trotskyism is, in the sphere of organization, the theory of an association of revolutionaries and opportunists, of their groups and groups in the bosom of one united party. THE HISTORY OF THE PARTY

The history of the party is the history of the party. The history of the party is the history of the party. The history of the party is the history of the party.

When asked to tell the DAILY WORKER something about himself so that the workers of the 28th ward might know more about their candidate, Nicholas Dozenberg, candidate in the ward endorsed by the Workers Party, Dozenberg is having been a worker at the time of the outbreak of the war.

Comrade Dozenberg was born in Riga, Latvia, November 15, 1882. He came to Boston, Mass. where he lived up to 1921, joining the socialist party in 1907. He worked for three years in the Boston Union, which he joined in 1908. He was arrested for activities in the revolutionary labor movement in 1918 and released when he proved that he had been a citizen of the United States for five years. Dozenberg was chairman of a railroad machine shop in 1924 and represented his fellow workers at the convention of the New York, New Haven and Hartford railroad system workers. For three years he represented Local 521 of the International Association of Machinists on the Central Labor Union of Boston.

Dozenberg is at present a member of Local 478 of the I. A. M., having represented that organization at the Federal labor convention on July 1, 1923, at the amalgamation conference in Chicago. He is also a member of the I. A. M. and has been active in his local union and serves on the executive committee of the 28th Ward. He is a member of the 28th Ward and works very much for the benefit of the workers. He is a member of the 28th Ward and works very much for the benefit of the workers.

ONE LOSE COMMUNIST DOES MORE FOR DAILY THAN 501 BRANCHES

A STRANGER to the American Communist movement, after five years of experience in one mining job to another (because of his poor health)—M. P. Pankov of Mahanoy City, Pa., has the strongest influence in raising the DAILY WORKER in Mahanoy City. Pankov is without any organization to spur him on. He has done what members of 501 Workers Party branches have failed to do. He has made the DAILY WORKER the best paper in Mahanoy City.

And he knows just why he bought it, too. "If we were just to get the DAILY WORKER, then the rest would be easy," he says. "The DAILY WORKER is the best paper in Mahanoy City. It is the only paper that is read by all the workers. It is the only paper that is read by all the workers. It is the only paper that is read by all the workers."
