

AS WE SEE IT
By T. J. O'FLAHERTY

THE Dawes' family may not be an asset to the Coolidge family in Washington, but they certainly have contributed something to the quiet, quiet, something that was badly needed. Charles, the husband, poor Morpheus on an equal footing with Bacchus, by sleeping while the senate is talking, writing poetry about the vice-president or humming 60 per cent of its nasal equipment at the president. Mrs. Dawes, just to give the old originality is not monopolized by the other prominent members of the Dawes' family, but she is busy on the operation of eating sandwiches.

PERHAPS, the lady exhibited more political sagacity than could be seen by the unobservant, at the first glance. Friends of the family and those who expect non-partisan appointments in return for the interest in the vice-presidential celebrity, may not think it a good footing to open wide their mouths in loud guffaw at the head of the committee chairman of the august senate. A heavy cheese sandwich, with a generous slice of onion will enable Mrs. Dawes to stop up the main avenue into the stomach with the piece of bread and if years of laughter come, who can say that the onion is not to blame? This may be a plausible explanation, but it's only plausible.

THE coal barons' conference which was scheduled to take place yesterday in Cleveland, has been called off. The invitation was issued by the Ohio coal operator, but the Pennsylvania group accepted Indiana agreed to send delegates, but the many reasons that the Ohio boys became disgusted and called off the whole thing. The Illinois operators refused to send representatives. Evidently the operators have no stomach for a straight fight. Most of the Mine Workers of America, they prepared the rubber facies that have enabled them to snuff the flame in West Virginia and other places.

THE head of the Indiana association is Phil H. Penn, considered the best strategist among the coal magnates. Evidently he feels that more can be accomplished by the use of the non-union mines of Kentucky and other parts of the country than by striking millions of dollars a year from the best aggregation of fighting men on the American continent. The American miners have been fighting their battles with the best aggregation of fighting men in the history of the world. The tactics would even drive from them, is a reflection of their reactionary and crossed leadership and not on the rank and file.

BEFORE the rank and file of the miners' unions, the success has been all of their doing, they will make a big mistake. Things are developing slowly for the operators. When should they resort to a conflict with the union as a whole when they can win it off one part at a time? Frank Harrison is sending commissions around to study super power while thousands of miners are unemployed. John L. Lewis has invited 15,000 miners to get out of the bank and look for jobs elsewhere. Lewis will undoubtedly claim that his leadership has frightened off the coal barons. But the coal barons are already violating the Jacksonville agreement in the pits. The miners must wake up.

AMERICAN editorial appear in the Washington press, over the successful failure of amendments at the Garick Theater last Sunday. One would imagine by reading these editorials that free speech was violated in the United States, that such things only happen in Russia, and that the Russians are stupid, hence their (continue on page 2)

MENTAL TEST FAILS TO HELP R. ABRAMOVICH

Even in Milwaukee Brains Slip In
(Special to The Daily Worker)
MILWAUKEE, Wis., March 17.—The yellow socialist always said that when THEY got excited, things would be different. At Raphael Abramovich's meeting last night, this statement proved correct. While an ordinary capitalist administration would have found a police, the socialist administration sent lots of them to see that counter-revolutionaries like myself by the judgment workers.

The Peaky Workers Will Get In. A heavy police guard and large force of detectives were the shock troops for socialist gangsters. All visitors were admitted only after passing a civil service examination and members of the Workers (Communist) Party and sympathizers were rigidly kept out. Therefore, it shines happened, they were the nature of other workers to Abramovich's lies.

And things happened. Utermann, the chairman, as usual with pacifists, threatened force and violence. It was he who controlled the real earnings, he was asked to continue, his talk lasted for 40 minutes. The workers simply ate up the facts, showing that the average dividends on common stock were 20 per cent, amounting to over a million a quarter each year. The figures on the profits of the American Thread Co. and the Standard Sewing Cotton Co., Ltd. are given in another article in the DAILY WORKER.

The lack of educational opportunity for the textile town boys and girls was revealed, as well as the toll of (Continued on page 2)

STRIKERS WELCOME COMMUNIST SPEAKER, WHILE FINDING OUT CAPITALISM HATES THE STRIKE

By WILLIAM SIMONS, (Special to The Daily Worker)
WILLIAMANTIC, Conn., March 17.—The Willimantic strikers of the American Thread Co. are learning their bitter experience that there is a class struggle. They are organizing tag days as a part of their strike fund activities. Thus far, they have secured over \$500, practically all from local unions and individuals of this city.

A worker was sent to nearby towns to solicit a permit for a tag day for the strikers. He went to Danielson, Conn., a few miles away, and made the request to the selectman in charge. The answer was as damnable as ever a monster could give. It was "If you're too lazy to work, then starve!" And when the untolerated tried to explain to this troglodyte that the men and women had to strike against the 10 per cent wage cut, he was ordered out of the room.

The failure of the operators of Illinois and Indiana to participate at this week-lasting conference. The Illinois operators take the position, it was announced that the Jacksonville agreement has only a little over a year to run and since the Illinois mines are 50 per cent shut down now, with most of those running working only two or three days a week, the Illinois operators declined to attend.

The conference was originally called to discuss the "red" cutting campaign in Illinois, Indiana, Ohio and Western Pennsylvania. The Illinois operators' refusal to attend the conference was a blow to the Riffian rebels last Friday with no success, says a dispatch from Tangier.

ADDIKRIM is preparing a counter attack in eastern Morocco to ward Tafelet. The Riffian troops occupy the immediate frontiers on both sides in Roumania, is to be extended for another three months, following the passage of a law to that effect by parliament.

10,000 JOIN IN PARIS COMMUNE DEMONSTRATION

New York Gathering Is Great Success
(Special to The Daily Worker)
NEW YORK, March 16.—(By Mail)—A tremendous demonstration commemorating the Paris Commune was held in Madison Square Garden. The meeting and pageant were duly advertised by the police arresting three comrades of the Workers (Communist) Party and Young Workers League last Friday night on the ridiculous charge of "possessing fire arms."

These fire arms were of the vintage of 1776 and were old and rusty. But the "Bomb Squad," acting under orders of the federal government, was unable, if possible, to prevent the performance of the pageant—and there all to prevent another demonstration of Communist and working class solidarity such as took place on Feb. 1, at the Lenin Memorial meeting.

10,000 in Demonstration. About 10,000 workers and Communist sympathizers attended the meeting, which was enthusiastic from beginning to end. The chairman of the meeting, Comrade Juliet Stuart Peltz, ridiculed the "antics of the police bomb squad," by stating being greeted with hoots for Captain Clegg of the squad.

"We have an international army of workers, armed with a program, organized, disciplined and working to ward the world revolution and the foundation of Communist society," he said. Comrade Moissaye Glin gave an historical sketch of the struggle for the establishment of the Commune, when the workers took power from the capitalist class and became the dominant class. The army fraternized with the workers and turned their guns against the bourgeoisie and their leaders, General Thoms and others.

The Red Flag was hoisted in Paris—the first government of the workers—the world over. They abolished nationalism—abolish being made citizens. The bourgeoisie settled in Versailles, known to the workers of the whole world for that infamous treaty of the same name. Then came 1905 in Russia, when the country was shaken to its foundations. After a decade of revolutionary struggle came the overthrow of the czar, followed by Nov. 7, 1917, the greatest day in the history of mankind.

COOLIDGE APPOINTS PERSONAL GRONY AS ATTORNEY GENERAL

WASHINGTON, D. C., March 17.—President Coolidge appointed another personal friend to a place in the cabinet when he nominated John O. Grony, ex-attorney general of Vermont, to be attorney general of the United States. Grony has sent Sargent's name in the senate, after conversing with his proxy by long distance telephone. Senate leaders have indicated that they will not oppose the nomination. Sargent is 62 years old.

Sargent's nomination was reported favorably to the senate this afternoon by the judiciary committee after a short executive session. The New England group, however, in favor of Sargent. It was admitted that none of the senators except the New England group, know Sargent. The senate late this afternoon confirmed Sargent as attorney general by a unanimous vote.

COOLIDGE GIVES UP BATTLE FOR AGENT OF TRUST

Will Pick Equally Conservative Man
WASHINGTON, D. C., March 17.—President Coolidge finally admitted himself flustered today after two weeks' defeats at the hands of the senate and allowed Charles Warren to take the place of the late Attorney General. The senate, which twice rejected Warren, will pick an equally conservative man.

The senate objected to such an appointment on the ground that it would be a violation of the "constitution" of the United States. The senate is expected to be announced at the White House today. It is known that Coolidge will name a lawyer who is loyal to the large corporations. The senate judiciary committee today approved the nomination of Herman J. Gray, an Indiana, as assistant attorney general. These who were rumored of his name for attorney general included John Sargent, ex-attorney general himself flustered today after two weeks' defeats at the hands of the senate.

The Klanman was killed at Carnegie, in August 1924. About attacked 150 men, and they returned the fire. Professors Cans Education Minister. TIKENTIN, China, March 17.—More than a hundred professors attacked and severely cursed the minister of education today because of his policy towards government education.

BATTLE RAGES IN AMALGAMATED OVER EXPULSION

Local 5, New York, Is Leading the Fight
That the reactionary cloakroom of the Amalgamated Clothing Workers of America now realizes that it has the fight of its life on its hands, was amply demonstrated last Monday morning when Samuel Levin, manager of the Chicago joint board of the Amalgamated Clothing Workers, had seven members of the union pulled off their jobs for the distribution of a leaflet issued by Local 5 of the Amalgamated, New York, calling the attention of the membership of the organization to the expulsion of Local 5 from the New York joint board, on the flimsy charge of issuing a leaflet.

The issue of Levin will only have the effect of solidifying the growing opposition to the autocratic rule of the Amalgamated on a national wide scale. If the object of this hysterical attack on the economic life of the Amalgamated, on the flimsy charge of issuing a leaflet, is to prevent the new to get to the membership, it will fail disastrously. The issue of Levin will only have a deflated document, setting forth the facts of the expulsion in moderate language, to be distributed on a national wide scale. If the object of this hysterical attack on the economic life of the Amalgamated, on the flimsy charge of issuing a leaflet, is to prevent the new to get to the membership, it will fail disastrously.

"1. About the suffering and need among the unemployed and how work for us are being thrown out of work for no reason or rhyme."
"2. How the officials at one time were in a bitter struggle against the corrupt officials of the union as soon as these very same corrupt officials were in the hands of the union who would help him carry thru the corrupt cross proposition, Hillman made."

"3. How our officials refused to fight the gains made in the last strike in which the members of the Amalgamated made such sacrifices, as soon as these very same corrupt officials were in the hands of the union who would help him carry thru the corrupt cross proposition, Hillman made."

"4. How, when the firm of J. Freedman and other firms "hired workers" Local 5 was obliged to appeal directly to the membership. It was the firm of J. Freedman in the eyes of Hillman, that was an enemy for the manufacturers and the Amalgamated made such sacrifices, as soon as these very same corrupt officials were in the hands of the union who would help him carry thru the corrupt cross proposition, Hillman made."

Raising Smoke Screen. Sam Levin is now trying to make a Trade Union Educational League issue out of the distribution of the Local Five leaflet in Chicago. It is true towards government education. (Continued on page 2)

WORKING CLASS GIRLS CARRY BANNERS FOR IRISH FAMINE VICTIMS WHILE FREE STATERS GORGE THEMSELVES

While the bourgeois Free State Irish nationalists were gorging themselves yesterday with food and drinking their Gales in libations from the cup Sam Patrick, a group of young working class girls, of various nationalities paraded up and down in front of the deserted city hall advertising the fact that a famine existed in Ireland and that 750,000 workers and peasants were destitute.

The Free State supporters in the United States are nourishing the fiction that there is no famine in Ireland. Their stomachs are full, so they have no cause for worry. Yesterday, they were presenting the capitalist side of Ireland's fate to the world. The signs carried by the members of the Workers Party told a different story. They pointed to the fact that the Irish Free State government was more concerned with putting a "free" trade treaty before parliament than feeding the hungry Irish peasants; that the American capitalist press was silent about the famine while Irish Workers' and Peasants' Families columns of space to stories from the Hellet Committee.

ASK BLOOD TO SAVE LIFE OF COAL MINERS' DAUGHTER AT SPRINGFIELD

SPRINGFIELD, Ill., March 17.—A child, 11 months old, was at stake here today. Little Kim, the motherless daughter of a Kinsaid, Ill. coal miner, was slowly bleeding to death, physicians said. They resorted to an appeal to the public press for volunteers to donate a blood transfusion.

For a number of years the little girl has suffered severe nose bleeding spells. Doctors believed one transfusion would save her.

The father, brothers, sisters and other relatives have submitted to tests, but the child's blood will not mix with that of the relatives, the physicians said. "It is a pitiful case. She is a very bright little girl who realized the danger when her face lights up when a relative takes a blood test and again is overpowered when she hears the blood will not mix with her own," said Dr. Henry Aschauer.

TRADE UNIONISTS COME TO DEFENSE OF COMMUNISTS

Seattle and Detroit Are Very Active

The national office of the Labor Defense Council has received a check for \$500.00 from Norman Tallente, organizer of District 12 (Seattle) of the Workers Party of America, being the first installment of the collection made for the Michigan Defense fund through the district.

Comrade Tallente declared this was just a beginning, only a few branches having been heard from. A public meeting was held in Seattle on March 1, at which Hulet M. Wells, John C. Kennedy and Tallente were the speakers.

The following local unions in Seattle have endorsed the Michigan Defense fund and sent delegates to the Labor Defense Council: Machinists No. 79; Boiler Makers No. 104; Building Laborers No. 242; Maintenance of Ways, Coppermen; and Mill Men No. 333.

The Seattle central committee are arranging a big defense fair on Saturday March 21 and George Vandevier will be the principal speaker at a mass meeting on March 2.

Washington D. C. is planning an affair for the Michigan Defense and Mother Blue is doing her usual good work on the Pacific coast. She reports good meetings in Los Angeles and Santa Barbara.

A check for \$200.00 was sent in Detroit as a result of aazaar held there in conjunction with the National of Workingwomen's Organizations.

Howard to Speak. Alexander Howat and Caroline Lower will be the principal speakers at a mass meeting to be held in Kansas City on Sunday afternoon, April 12.

The meeting had to be arranged for the afternoon as Howat is working in a mine and must be back on the job early on Monday.

An affair is being arranged in Los Angeles on March 15 under the auspices of the I. W. A. and the Labor Defense Council.

The following Los Angeles unions have endorsed the Michigan Defense: Machinists No. 311; Upholsterers No. 12; Appmakers No. 28; Milliners No. 48. All the unions mentioned have invited speakers from the Labor Defense Council to address the membership.

THOUSANDS OF MAIMED EX-WAR VETERANS STARVING WHILE FARCE OF "REHABILITATION" CONTINUES

By a Disabled Ex-Soldier.

The world war veterans act is expected to grant the disabled ex-soldiers the benefit of vocational rehabilitation for the purpose of enabling them to acquire social and economic independence. The work of the vocational rehabilitation is vested in the hands of the United States Veterans' Bureau.

The war veterans' bureau spent a shrewd sum of money to rehabilitate them are unable to become self-supporting. Thousands of them are leading a life of hardship and destitute because of unemployment, and physical and mental disability. The cause of this is being the part of the U. S. veterans' bureau to give suitable training to those who are mutilated during the war.

Through the lack of honesty on the part of the government officials in charge of the work, the vocational rehabilitation is a farce. They measure the progress of vocational rehabilitation by the hands and feet of the clock, allowing a period of three to four years for the disabled soldier to master a trade or profession. This is absolutely insufficient for the ex-service men afflicted with various maladies such as shell shock, chronic indigestion, nervous troubles etc.

The vocational rehabilitation measure was passed to benefit the disabled world war veterans but to give well paid fat jobs to various political favorites who sit within the walls of the veterans bureau as officials and schoolmasters.

Such a situation has led to the development of a large class of incompetency and frauds on the part of the United States veterans' bureau officials and has done little benefit. The majority of the applicants are not given the objective tests which a trade or profession is compelled to take up a trade or which he is bound, and the result is failure to be benefited by the vocational training.

The congressional investigation of the management of veterans' affairs which took place during Charles Forbes directorship did not remedy conditions in the bureau.

Mismanagement, indifference, inefficiency and graft still exist in the United States veterans' bureau. The public money is spent to support the politicians while thousands of disabled world war veterans are starving.

SEATTLE TOOLERS HEAR DISCUSSION ON "FREE SPEECH"

When It Works and When It Doesn't

(Special to The Daily Worker)
SEATTLE, Wash., March 17.—John C. Kennedy, director of the Seattle labor college, addressed the weekly night forum in Labor Temple, on the subject "Hereby and Hereby Hunted," a subject which was a battle for ideas and opinion and drawing a moral from the lesson of history.

The speaker pointed out that our institutions have instituted programs against military organizations but a violent reaction from such action.

At the spread of ideas. In fact said, such activities are succeeded in spreading further the ideas which are attacked and conquest disorganization and chaos have obtained as a result of all persecution of opinion.

This liberalistic bourgeois conception of "free speech" is the abstract, however, points out as a mistake, by members of the Workers (Communist) Party.

The speaker said that the field of class struggle, is seriously wide of the mark. For, he pointed out, the forces of ascending capitalist society were actively suppressing the rights of freedom and the ascending feudalism and even the "divine" rights of freedom.

The matter of the effectiveness of the suppression hinges not at all on the political or economic conditions of the class which is attempting to suppress another is historically ruling class in a capitalist society.

The delegation found, as their report will show, that all these stories are false, that in fact, under the Soviet rule, the history of Georgia has been relatively peaceful, and that militarily it is far from as it never did under menshevik rule.

What Delegation Saw. The delegation saw the work of reconstruction in the north which is going forward the great power station being built at Tiflis, the new machinery of the management of the plant, the new housing the new development everywhere.

All of this was being depicted by the capitalist press. For it is an article of faith here that Georgia is a ruined country, that Georgia is a land of general poverty and destitution.

So the capitalist press says: But so the Soviet do not think. These financial groups, one British, one American, one German, have been competing against each other for the right to invest money in the management of this ruined country.

The American group headed by Mr. Harriman is probably going to succeed. And these are the terms he is offering the Soviet government. He will guarantee a minimum year output of 800,000 tons.

He will pay the Soviet government a minimum annual royalty of \$12,000,000—\$1,000,000 to be paid in advance on the signature of the contract.

The chief government by the way only cost royalties of some \$200,000 a year.

Evidence of It. That shows what Mr. Harriman and his experts after three years' careful study, really believe about the economic condition of Georgia and the stability and integrity of the Soviet government.

And the Germans are furious to have lost the opportunity of investing such sums in the country.

The capitalist papers may talk, but they do not have the money. And Mr. Harriman's dollar seems to be getting on well in Georgia and the trade union delegation is perfectly right.

CITIZEN'S JURY SAYS O'NEILL'S PLAY IS CLEAN

Vice Body Prefers Bare Legs to Wobblies

(Special to The Daily Worker)
NEW YORK, March 17.—Eugene O'Neill will not have to appear before the New York citizens' jury play to vindicate his desire under the Kinnick's is the second play declared without immoral taint by the new jury Sydney Howard's "The Knave That Was Wanted" was found to be clean although the public was quite unaware that it was even questioned.

Howard, co-author with Robert J. Ross of "The Labor Spy," has a wobbly in his play of California grape growers and indulges in a little frankness about the processes of life but has nothing of what is ordinarily called dirty or smutty in his production.

O'Neill's play is a realistic study of New England farm life in the eighth title District Attorney Hanson from Texas thought the play was so thoroughly bad that it couldn't be written but the jury seemed to understand O'Neill better.

John S. Sumner, secretary of the society for suppression of vice, allowed the jury play to be amended so that the producer, author or translator of any play about to be considered, shall be summoned to make a defense statement to the jury.

Announcement was made that a great gathering organized by a united council of all workers' organizations would commemorate the Paris Commune next Saturday night, March 22. The gathering will be held at the Y. W. C. A. and Norman H. Tallente will be the speakers with dancing after the program.

It is also proposed to run a month-long demonstration here on Sunday, April 5, when John C. Kennedy, Anna Louise Strong, George F. Vanderveer, James Duncan and Stanley J. Clark of Texas, are expected to speak. Proceeds of both the affairs will be sent to the Labor Defense Council for the benefit of Michigan defense.

MANY JOIN WITH WORKERS PARTY IN RELIEF FOR IRISH

Prominent Persons Offer Their Aid

The names of three prominent figures in the American labor movement have been added to the number already enlisted in relief for the workers and peasants of the Irish Republic.

The London Daily Herald carries the news of the relief for the Irish workers and peasants. The Relief Committee declared himself dejected and appealed to the workers of the world for their aid and accepted membership of the national advisory committee of the Irish relief organization.

Offered Services. Upon Sinclair offered his services in bringing the appeal for famine relief to the attention of wider masses of the American people.

Elizabeth Gurley Flynn, who is one of the most eloquent speakers in the country has volunteered to address meetings in behalf of relief work.

The London Daily Herald carries an interesting item from the pen of a Catholic priest in Donegal, who was brought to the attention of the outside world by Mrs. Helen Crawford, secretary of the British section of the Workers' International League.

Blamed The Peasants. The reverend gentleman blamed the laziness of the peasants for their destitution because the secretaries made have their money. But it is no easy job to have money with a hungry people in the vicinity. The peasants may be excused for coming to the conclusion that work does not pay, seeing the prices rising in luxury and idleness.

Several cities are taking advantage of the situation. The London Daily Herald carries a letter from the famine situation to the attention of the American workers.

Appeals for Relief. The British Relief Committee at 19 South Lincoln street, is busy sending out thousands of letters containing appeals for funds for relief for the victims of the Irish famine.

Freihut Orchestra Plays in New York on Sunday, March 22

NEW YORK, March 17.—Central Opera House will again be crowded with enthusiastic connoisseurs and musical admirers, when the Freihut Mandolin Orchestra will be heard in its initial concert on Sunday, March 22 at 2 p. m.

A group of comrades originally organized by the Workers' Party at a mandolin orchestra, and then expelled because they dared to play at the celebration of the anniversary of the Russian revolution, have formed this new branch of the Communist movement.

Efforts of the general office of the Workers' Party to break them up failed. In a body they joined the Communist movement, as the Freihut Mandolin Orchestra, and with some more new members they developed in to the finest mandolin orchestra in the labor movement.—Edward Schwartz, correspondent, Harlem Jewish Branch, Workers Party.

CITIZEN CENSORS REFUSE PERMIT FOR LABOR FILM

Mayor Dever Refuses to Act on Appeal

The Chicago board of motion picture censors, which has recently distinguished itself as more or less "liberal" in its rulings, has recently taken on a frankly reactionary role, and as a result, is faced with several court actions and many administrative appeals.

It recently banned the International Workers' Aid film, "Prisoners for Progress" on the ground that the pictures "tend to incite to riot and disorder." Practically every scene in this film has been passed by this same board as part of one picture or another, but the combination and editing in this case has been so strung for those professional protectors of Chicago's morals. This fact, that the tiling and editing alone can be the basis of the objection ought to place the matter clearly within the supposed province of the freedom of expression, and if the decision is upheld in the courts will go far toward showing the censors the true hypocrisy of those guarantees.

Dever Does Not Act.

The decision was at once appealed to the chief of police who in the case of "Russia and Germany" cast the deciding vote to permit the picture to be shown. The chief of police refused to interfere because the censors would be denied. Under the appeal, the mayor has the last word, so it appears that at once filed with him, thus far without action.

From Mayor Dever's attitude toward other rights it would seem that the question will have to be settled in the courts. On the same day that the first appeal was made, Famous Players-Lasky Co. sent out a mammoth writ to compel the mayor to issue a permit to exhibit "The Thundering Horde." Many films have been slashed and butchered almost beyond recognition. The slugs have been changed and whole sequences botched.

Will Show Film March 29.

This labor film, "Prisoners for Progress," is to be shown at the International Unity demonstration at the Lehigh Auditorium, Sunday afternoon, March 29. It shows the Paris uprising, the Russian revolution, the police brutality in breaking up workers' demonstrations in Germany and France, and the efforts of American workers to help the victims of this capitalist violence. American conditions are also shown, the police intimidating strike pickets in Paterson and Chicago, the militia in Heaven with machine guns covering the streets, the great prisons of Leavenworth and Sing Sing, inside and out, together with many of their political inmates. Haywood, Browder, Ruthenberg, Gilmore and others. If the courts line up with the censors, and the police on some other way will be found to place the facts shown in this film before the workers of Chicago.

This film is only one of fourteen feature numbers which will comprise what will mark the anniversary of Abraham Lincoln's death. The program will also mark the attacks of Abraham Lincoln, Mackay, and other traitors or other makers of Soviet Russia. The meeting on the 29th will be a monster demonstration for the rights of the Soviet Russia that will make all the so-called revolutionists feel some very puffy indeed.

Supreme Court of California Rules I. W. W. is Illegal

SACRAMENTO, Cal. (The California supreme court puts its seal of approval on the criminal syndicalism act by confirming the sentences of 26 men arrested during the San Pedro strike in 1923 and convicted of criminal syndicalism. C. C. Robinson is released because he was not in Los Angeles at the time of the arrests. The decision was based on the testimony of W. E. Townsend, a professional witness who was not present at the trial. For some time the second district appellate court has held that mere membership in the I. W. W. is not sufficient evidence for conviction, the third district court that it is. In this decision the supreme court agrees with the third district (Cremonte). No charge except membership was made against any of the men.

South Side Reds, Old and Young, Have Social on March 21

The south side branch of the Workers Party, and Branch No. 3, of the Young Workers League, two of the liveliest Communist units in local Chicago, are teaming together to run an affair at the south side Community House at 3201 S. Wabash Ave. on Saturday, March 21. The affair has three purposes: Organizational, financial and recreational. Judging by the pep and enthusiasm with which the members of both branches are working it promises to fulfill all three.

In this part, the south side branch has been able to rally large numbers of Negro workers to its mass meetings. At the last one held, 23 applications for membership to the party were made. This affair it is expected will result in additional members being won.

Branch No. 3 of the Young Workers League is steadily winning young Negro workers into its ranks. It already numbers Negro members, each of whom are working hard to win others to the league. It is their belief that once the Negro workers are in the Communist ranks, no race prejudices, and that they fight for the interests of all workers, irrespective of color. The Communist Workers Party and the Young Workers League in large numbers. These Negro comrades are stirring and main to bring out a large representation of their shop mates and students to the Communist mass meeting and to the Communist mass meeting and to the Communist mass meeting.

The program which has been arranged for the night is a speech by Earl R. Browder, the chief of the Young Workers League orchestra. Also there will be some speech making by several well-known Communist orators whose special virtues are brains and brevity.

Grech, Carlson and Kovacs, Speakers for Philly Commune Day

PHILADELPHIA, Pa., March 17.—Philadelphia Communists and sympathizers will hear the stories and the reasons of the great Paris Commune and the Hungarian Soviet Republic, on Saturday, March 21, at 8 p. m., in the Eagle Tavern, corner Broad and Spring Garden streets.

Oliver Carlson, Rebecca Grech and J. Kovacs will be the principal speakers at the commemoration.

The speakers will point out that the rubrics examination of the proletarian revolutionists after the defeat of the Paris Commune and the Russian Soviet Republic is still being carried on in all the capitalist countries of the world.

An appeal will be made to support the International Workers' Aid and the Labor Defense Council as the revolutionary defense organizations of the proletariat.

AN ON-THE-MINUTE PAMPHLET IS BEDACHT'S "WHITE TERRORISTS" EXPOSING WORLD'S ABRAMOVICHES

"The White Terrorists Ask for Mercy," says Max Bedacht in the title of his new five-cent pamphlet. Do they get it? They do not—he gives them the "hell" they deserve.

This little pamphlet is particularly timely. It carries today's date line. Six months from now or perhaps a year or two hence, the world will be the abject of history, but today it is not from the griddle and effectively do with a program of the minute.

Recognition of Soviet Russia has been concealed by practically every nation except the United States. It is now even Wall Street is growing restless. Hughes is out. A change is expected. It can hardly be said that liberals who raise the cry of the imprisoned Russian counter-revolutionists.

This pamphlet tells clearly who they are and why they are imprisoned. It strips the lies from the horror tales now in circulation in anarchist-bourgeois circles by quoting uncensored letters from the prisoners themselves. And finally a summary of prison conditions in the "white halls" of the capitalist world: Poland, Bulgaria and the Baltic states, Germany—and the United States.

Our workers on the firing line in the shops and mines and local unions are going to face this question many times during the next few months. This pamphlet is a crushing answer and should be sold widely.

LETTERS FROM READERS

Comrade Die in Kubas, Centerville, Nova Scotia.

To the DAILY WORKER: Will you allow me a few lines of space in your paper to express my appreciation of a good comrade who has passed on to me today in receipt of a letter from Comrade A. J. Woomer, now of the Kubas colony, in Sibiria in which he tells of the sadistic death of Comrade Walter J. Lemon.

Comrade Lemon went to Russia in the spring of 1922. During my stay in Kubas in 1923 I knew him well and found him a sound Marxist student and one who could understand and explain, instead of rail at, the many discouraging factors that were met in building up Communism in Russia.

Under conditions in which the sentimentalist broke and wanted to get back home to America for the cheap gun, movie show and pork chopism of Lenin's type stood solidly and helped to build up Russian Soviet industry.

Seeks His Relatives.

Comrade Lemon was born in Ontario, Canada, and was about 45 years of age. He lived for years in Salt Lake City, and was active in the socialist party until the split when he joined the Communist Party. I am anxious of getting in touch with his people in Toronto or elsewhere.

A staunch comrade has passed on. He was always ready to turn out at any time and help at any job—always on hand for the Subbotnik, the volunteer labor on Saturday. Always considerate and courteous to the Russian workers and peasants. Mine of his type was the respect of the Russian people. Years for Communism, Rescoe A. Fillmore.

Get a sub for the DAILY WORKER from your shopmate and you will make another member for your branch.

Communists Have Prominent Place in Art Exhibition

NEW YORK, March 17.—The Society of Independent Artists, whose show opened at the Waldorf-Astoria Hotel on March 6, have a lot to congratulate themselves upon. Their present show is one of the most unusual ones that have ever been presented in New York. In the first place there is its almost exclusive reliance on pictures that have been hung there in the variety—everything from the most modern and most daring to the widest and most daring abstraction.

It is the point of view both of excellence and sincerity; this year's effort surpasses anything the society has yet attempted.

There are two features that will be of special interest to party members. One of the features is the work of comrades and sympathizers, among the more prominent of whom are William S. Pannings, Rose Pannings, Maurice Becker, Walter Spivek, L. Lowwick, Fred Gardner, Jay Van Overa and several others. The other feature is the low admission price of 25 cents. The show closes March 25. A detailed catalogue of the pictures will be submitted later.

Carlson to Speak at Harlem Forum of Workers Party

NEW YORK, March 17.—The Harlem open forum continues every Sunday evening at the Harlem section headquarters of the Workers Party, 434 104 street. On Sunday evening, March 22, Oliver Carlson will lead the discussion on Working Class Education. Comrade Carlson, whose specialty in education was in Soviet Russia and in England, where he saw first-hand class education both in a capitalist and in a proletarian country. He will tell of the contrast, and discuss working class education in this country.

The rest of the program is a very interesting one as regards both speakers and topics. It is as follows: Mar. 23, Can there be Prosperity for the American Workers?, H. M. Wickes; April 5, Religion as an Instrument of Capitalism, H. Bourgin; April 12, The Family, Joannette Pearl; April 19, The Capitalist, Labor and Communist Press, Ludwig Lore; April 26, Proletariat, Bill Jacobson.

Workers Party Observes Spring at Harlem Dance

NEW YORK, March 17.—The best way to celebrate the spring is to go to the spring festival and dance to be given by the Harlem English branch, Workers Party on Saturday evening, March 21, at the Harlem Casino, 115th street and Lenox avenue.

The music will be the best, and will satisfy everybody, as there will be American jazz as well as dance music of all nationalities. Everybody, even the poorest can afford to be there, as the admission charge will be only fifty cents, including wardrobe.

As If the Revolution Was Scheduled for Tomorrow Morning!

WITH all the preparations that are being made in our office, all the hustle and bustle and movement—you would think the revolution was scheduled for tomorrow morning!

The regular force and many volunteers are busy. Comrades are folding, addressing, inserting, stamping the special sub card folders that you will receive in

The Second Annual Sub Campaign

THESE are the tools with which from March 15 to June 15 you will build the revolutionary labor movement in this campaign for 15,000 new subscriptions to the DAILY WORKER.

With these you will go to your shop and your union inside and out of the party and to every place there is a worker to "get a sub."

Thousands of others will be doing it with you in every city in the country—and locals will be trying to outdo each other in accomplishment.

But This Way it is Much Easier!

TO help you to teach the worker more easily we will send without charge to any worker or any branch a bundle of the DAILY WORKER for one week to be distributed when you are out to "get a sub" and for door-to-door campaigns to worker's homes around your branch.

DO IT THIS WAY

Decide how many copies of the DAILY WORKER you can use. Fill out the coupon below and send it in. When you get the copies, stamp them "sample copy" and place on them also the stamp of your branch and its meeting place. Use these for door-to-door distribution every day for one week—then on the following Sunday morning go to the same homes to get your subscriptions.

This is practical, constructive work to build the Communist movement in this country which you are sure to do when you "Build the DAILY WORKER."
