

State Notes.

(T. A. Hickey, State Sec. Hallettsville, Tex.)

It's Up to Ten.

Do you want more and more democracy and rank-and-file initiative in the Socialist party movement of Texas? There is no doubt advantage of the new constitutional provisions that permit the formation of new counties and congressional districts and the movement they are receiving for the first time in the position of the day that now go to the state office. Also receive for the county, and to organize and district the previous right of self-government at the same time. Remember that this division of time and functions represents a division of power; job hunters, sore-heads, and others to the contrary notwithstanding of which we have remarkably few in Texas.

Don't Scatter Seed.

There are many ambitious ones that devote their minds to the idea of converting the socialists of whom are yet to be organized into all affairs of the general state organization, not realizing that it is a concentration of energy to the county. We would say to these ambitious ones that the fertile field for agitation and untiring honors galore for the agitator is in his own district. In the state office is not far distant when the day office will be an unimportant one. Only engaged with the congressional district organization, as we would suggest for there are anywhere from 20,000 to 50,000 voters in a congressional district, less than half of whom are yet to be organized. Build up your district organization as you can do if you only want, and you will find it easier to do to capture your district for Socialism and the glory of it will be as great as any other.

Let him who hath ears, hear and who has eyes, see.

FOR STATE LIBERALS.

THE CAPITALIST. The well posted Socialist is the one who does the best work for the movement. The distribution of the literature is now the greatest plan. The state office has a new supply of literature. You should see to it that every reading person has a chance to study one or more of the following principles:

Principles of Scientific Socialism. (paper cover). By Rev. Chas. H. Vail, this most clear explanation of what we want over written. 215 pages with complete index, one for 25 cents and one for 60 cents.

"Common Sense for Socialists," by John Stargo, written in a plain way for plain people, 184 pages. Each 25 cents, or 5 for 60 cents.

"The Question Rest," by Earl Mann, (63 pages). Answers all pertinent questions asked about Socialism. 10 cents each, 5 for 50 cents.

"Socialism Made Easy," by James Connolly (re-broadcast, 63 pages). Ten cents each or three for 25 cents.

"What's so and What Isn't," by John M. Work, who was converted to Socialism while studying our books with the intention of speaking against us. Lays down all objections in a plain invariable form. 140 pages, 15 cents each or three for 35 cents.

"Parable of the Water Tank," (25 pages), by Edward Bellamy. The most wonderfully clear explanation of the profit system ever written. Only two cents each. Address all orders to T. A. Hickey, State Secretary, Hallettsville, Texas.

A DONK EDITOR.

Midlothian, Tex., Dec. 10, 1914. Comrade Hickey—

Our reading you the Ella county vote as the county judge gave to me. Metzger and Noble, 137 votes. They said that they had many. I don't know how many they had to go to.

Hickey that Dunk didn't want to go to the bottom of the Hayden Moore letter did not tell me how the vote in this box did not tell how many Ducks, Reps, or Progressives voted. They knew he would not mention the Socialist vote. But he had a hog election in the city and he said how the vote was there. Ah, you muzzled poor man. The Rebel is getting better all the time.

John Archer.

What do you think of Wilson's "property" note? Don't blame the poor man. Blame yourselves.

Will the Church Disappear?

(By Rev. Walter T. Baughman, author of "Christianity and the Social Order," "Christianity and the Future.")

In 1914 the churches of the United States had 72,000,000 members. Have you ever tried to lift the weight of these figures? All alone they would weigh more than the weight of the world. They would weigh more than the weight of the world. They would weigh more than the weight of the world. They would weigh more than the weight of the world.

It is more astonishing because the church is an idealistic organization and makes its appeals chiefly to the highest instincts in us. But the higher your appeal, the lower will respond. Any enthusiast will tell you that.

If there were not such organizations, there would be no first minds would dream of creating something like them. Would you not say that the church is a great organization? It is a great organization. It is a great organization. It is a great organization. It is a great organization.

Unless our experience has been especially unfortunate, we all know that the church is a great organization. It is a great organization. It is a great organization. It is a great organization. It is a great organization.

The church can fight, though, it is a great organization. It is a great organization. It is a great organization. It is a great organization. It is a great organization.

There is much to be said for the church. It is a great organization. It is a great organization. It is a great organization. It is a great organization. It is a great organization.
