

From week to week The Re-
vival will keep turning the light on
the situation not only in the hope
the rascals responsible will be
punished, but to the end that all
men will be kept out of the
regenerative primary next year.

Beer, booze, boodle, buncombe and blunderdash are all represented in August and we are pleased to be able to record that this Socialist hater, who has sought to victimize men because of their allegiance to the party other than the Donks, is serving his last term in the legislature, because, verily, the vulgarity of August has been his undoing and the decent Donks of Houston have already made arrangements to relegate him to that political limbo where nothing is heard but the groans of disgraced politicians, and their raucous yells for three more steins.

kind of a half-truth; that is the
kind of a lie. Anybody will
tell you that this country
is not a free country. It is not
back to carry and to support
the poor farms but when it
is a petition that has teeth
like the Lang Petition, has
comes down to brass tacks
petition is carefully scanned
and not a word is said. And yet
it is signed and this is the man
at the Reuter, Union-the
Lafayette and The Rebel has
passed beyond question of any
kind.

Why then, do not the legis-
lators go around in the name
of the legislature act responsi-
ble during the people? The
ever springs to the lips —
LEGISLATURE DOES
REPRESENT THE PEOPLE

The educational effort of
the legislature is not the
the Reuter Caution and the
same, indicates as nothing
at has ever happened in T
the people are going to
change and are determined to
legally lynch the microscope
of the legislature. The legis-
lature is not a body of men
of the state.

The Rebel is deeply gratified at this result, and in this connection he says: "I have a great deal to say. I think I am able to write as never before, because it is the first time that I have been able to express my own ideas. I call this paper that is representative of the thoughts and aspirations of the thousands of slaves a free press, and it shows how love and for whom he has fought at war."

Clark is not the only one kept down by these ideas. Most men of genius like another George Deane, he is made to feel that he is a poor writer, and is therefore a poor manager for himself. Under the present arrangement, he is not allowed to do his very best work that will be all the more enduring, as he is not allowed to publish. From one to three hundred Rebel papers are left behind, to rot, for the cause of liberty, war, the paper that has, in the hands of the Rebel, been used and is doing more to turn people of the South to Socialism than any other paper in the South. The *Masses* and *Dixie* line.

Help Clark and The Rebel in this fight. The Rebel is not the only one who needs to be settled for by the Nation. The better come.

[illegible]

Two men live in Tarrytown, N. Y., who own the most money in the town. One is John D. Rockefeller and the other is a painter, who has a million dollars. Rockefeller has the milk with the Perrier and gets wealth of \$100,000 a year. The painter is a poor inhabitant and yet a painter can't buy a ham since the hams were selling at a dollar a cent.

So with this per capita on wheat, to show that we have no bread famine because all have no bread famine but all have 5.3 bushels each—per capita. There is nothing about 5.3 bushels each, but 1 and 16 ounces leave out outside, nor about 70 cents sold by the farmers to the dealer who buys the grain for per bushel.

These things don't concern the per capita but the distribution of the things. The per capita figures are not the best but the figures and the Commercial figures are one of the figures.

SOCIALIST TEACHERS.

AGENCY.

Bureau, Tex. Feb. 27, 1915. Editor, Hallettsville, Tex.

The Socialist Teachers' Agency has now been organized about two years and has grown about 20 per cent the past year. We thank all teachers for their help.

We believe that we should hold a meeting of the members of the Agency some time in summer at some Summer Normal. Time and place to be determined by vote of membership.

All Socialist teachers should be members, as the demand for Socialist teachers is greater than the available teachers, and yet many Socialists are teaching in undesirable schools at a lower salary than they might get and some Socialists do not try to capture the schools by electing Socialist trustees.

The first Saturday in April is trustee election day in all Texas and all Socialist should nominate at once one or two as the one may be or three or four if the school has seven trustees. And then proceed to elect them. We should be no compromise for a Democrat because he is a good man for any cause. But we, every Socialist should go in to the election and vote for Socialists and only Socialists.

Socialists can never be realized without the working people are educated along the line of government and economies and against capitalist ways especially war. We must be able to come to the fighting people and they have been fighting for thousands of years and will surely fight when they are taught better. Who can be so stupid as to believe that the people will not fight for Socialism?

Any one weak in your faith? You believe or claim to believe that the Almighty will let no man befall those who are willing for righteousness and justice? You with this faith could do ten times as valuable a work for justice as could a mere human who relies only on his own strength and lacks faith.

Why is it then that we find so little real courage among the SOCIALISTS? "On 7% of little faith!"

E. O. Melton.

We are going to have women's suffrage in Texas. The Rebel is so valuable a work for justice as could a mere human who relies only on his own strength and lacks faith.

PEARSON'S

is the only Magazine of its kind

This is why—

Three years ago Pearson's decided to be a free magazine.

This is what it did:

ABANDONED FANCY COVERS

GET OUT COLORED LETTERS

ADOPTED PLAIN PAPER.

This was the purpose:

A plain form would enable the magazine to live on its income from advertisements and subscriptions and monthly sales. It would not have to consider the effect of advertisers when it wanted to print the truth about any public question.

This was the result:

Pearson's now prints the truth about some question which affects every man in every class. It prints facts which no magazine that depends on advertising could afford to print.

And, with all this, Pearson still prints as much news and entertainment as any other magazine. If you want to be informed of the news, get a copy of the new stand for 15 cents, or subscribe by check for \$1.00.

By special arrangement with Pearson's we are able to make you the following clubbing offer:

ONE YEAR \$1.00

Comrade J. T. Winbush, Silo, Texas, writes that a meeting of all Socialists and sympathizers of Hallettsville will be held at the county seat (Silverton) on April 17, at 10 o'clock in the morning. It is reported that many of the people of the state have the people here as ready for a change.
