## LYNCH JUDGE REFUSES NEW SCOTTSBORO TRIAL; ONLY FIVE DAYS TO ARRANGE APPEAL

### Appeal to Supreme Court Must Be Filed by Saturday or Boys Die

DECATUR, Ala., Feb. 26.—Judge W. W. Callahan, brutal lynch-judge of the Decatur court, on Saturday refused the International Labor Defense attorneys' motion for re-trial of the two Scottsboro boys, Heywood Patterson and Clarence Norris, who were condemned and sentenced to death for the third time in the long fight for their lives last December. This maneuver, which is not only an attempt to rob these boys of their appeal right, but also a trick to end the case right there, thru a technicality leaves the I.L.D. attorneys only five days in which to appeal the cases to the State Supreme Court. By Saturday, March 3rd, it will be necessary to file the appeal, prepare and file this appeal.

## 8 of 9 In the Citrus Belt Strike Are Convicted

### NINE MORE JAILED AT TRIAL COME UP MARCH 1

RIVERSIDE, Feb. 21. Eight of nine citrus workers were convicted here Friday on from two to four counts of vagrancy and disturbing the peace. There was a technicality in the case of the ninth. The convicted workers are due for sentence Monday.

The workers convicted are: Frank Moreno, W. E. Winters, Chester Stewart, Earl Ambrose, and Frank Salas, each convicted of four counts of disturbing the peace; Louis Rosenbaum, charged with vagrancy, convicted on three counts; Pedro Guerrero, convicted on two counts of disturbing the peace; and William Olsen, hung jury.

All were arrested during the recent orange pickers' strike, and held since that time in the county jail. After the convictions James Carter, Los Angeles attorney defending the pickets, started habeas corpus proceedings.

During the picking of the jury for these cases Wednesday, the judge having ordered the jury from the county jail, the jury was picked, nine workers among whom Walter for the defense, and the court was ordered to "hold" in the courthouse steps.

## Jordan Re-Hearing Held; Court Tries To Down Protests

### WORKERS FULL COURTROOM I.L.D. APPEALS FOR INCREASED PROTEST

SALEM, Ore., Feb. 21. Franking its re-hearing on the case of the framed Negro worker, Jordan, the Oregon State Supreme Court, in an effort to rush through the legal frame-up before mass protest could be organized, closed procedure here yesterday. A mass meeting of workers at Marion Square, approached with banners bearing slogans "Jordan Must Not Hang" into the courtroom. The banners were waved to the workers' backs, so that the court could not stop them.

150 delegates from workers' organizations from all parts of Oregon were present.

### Exposes Frame-Up

Attorney Levinson and Courtman for the International Labor Defense pointed out how the Jordan case helped frame-up the worker by admitting as evidence a fabricated confession, one of seven wrung out of Jordan by the most brutal third-degree torture and by admitting as evidence "proof" of Jordan's guilt, the case of a laborer who was framed up on Jordan by the same Southern Pacific stool-pigeon, Chandler, who gave the "evidence" which convicted Jordan in this case.

The link-up between the re-organized National Association for the Advancement of Colored People, and the boss courts was again made clear when Prosecutor Gilenwaters introduced as "proof" of Jordan's guilt, the fact that the NAACP had refused to help him.

Mrs. Mary George of Oakland, Calif., mother of the framed Negro worker, Frank Jordan, has been forced to postpone her tour of the Northwest speaking in defense of her son, until a later date.

The mass protest, which forced the re-hearing must be intensified. Send protests immediately to the Supreme Court, and to Governor Meter, Salem, Oregon.

## Darcy Speaker at S. F. Anti-Fascist Meeting March 4

### ANTI-SEMITISM AND SILVER SHIRTS TO BE EXPOSED

### Conference at L. A.

### ALL WORKERS ORGANIZATIONS ARE CALLED

SAN FRANCISCO, Feb. 26.—Workers and workers will rally to a mass meeting to raise their voices in protest against the slaughter of Austrian workers by the fascists there and against the spread of fascism in this country next Sunday, March 4th. The meeting, called by the Communist Party, will be held at Ruthenberg House, 121 Haight St., beginning at 8 p. m.

Sam Darcy, District Organizer of the Communist Party, the main speaker, will tell of the heroic fight of the Austrian workers, and their betrayal to the Fascist Dollfus government by the Social Democratic politicians. The spread of fascist terrorism against workers in this country, growing particularly as a weapon to break the rights of agricultural workers in this state, and basing itself on fighting race-hating and anti-semitism of the foulest sort, will be exposed, and a program for fighting it outlined.

Many organizations will take part in the meeting. One of the speakers will be an Austrian worker who has taken part in the class struggle there.

## WRITERS! WORKERS!

## HAROLD ASHE, 5 OTHER SOCIALISTS JOIN COMMUNIST PARTY IN L. A.

### Former S. P. State Secretary Leads Group Into Revolutionary Movement at Austrian Meet

LOS ANGELES, Cal., Feb. 22.—Before four hundred cheering workers at Walkers Auditorium last night, gathered to protest the murder of workers in Austria, Harold Ashe, former State Secretary of the Socialist Party, renounced his membership in the Socialist Party and joined the Communist Party.

Immediately five other Socialist Party members jumped up from the floor and signified their intention to join the Communist Party, among them O. J. Losey, chairman of the Huntington Park Socialist Party local, and Irwin Smith, long-time activist in the Southern California labor movement.

Ashe had been expelled by the Socialist Party leadership because of the fight he had led against them among the membership for joining the Communist Party on five points of struggle proposed by the Communist Party. One of the points had been the fight against fascism in Austria, and following the split at the recent S. P. State Convention, when one-third of the delegates left with Sam Darcy, District Organizer of the Communist Party, was refused the floor, these six last night proved their sincerity by joining the revolutionary movement.

## LONGSHOREMEN DELEGATES CALL UNITED FIGHT OF COAST LOCALS

### Bjorklund, District Secretary, Denounced When He Tries to Substitute Boss Code for Workers Demands

SAN FRANCISCO, Feb. 26.—The West Coast district convention of the International Longshoremen's Assn. now in session, will have its session on the subject of the united fight to break the adoption of their own code.

The rank and file movement within the union, which forced the calling of the convention, has a heavy representation, and sticks to its demand for 8.00 per hour, 6 hours per day, recognition of the I.L.A. against the National Ind. Relations Board, or the plan for hiring through government Pink Halls, and that hiring be through the union only, that there be a central office to handle the union's affairs, and that local make separate agreements with the ship owners.

Today, District Secretary Bjorklund made his report and argued for the shipowners' code, already accepted by the union in the past, providing for a 5.00 per hour minimum, decentralization, which means that workers will have to register at government Pink Halls, and be subject to the worst discrimination in the hiring, and compulsory arbitration which takes away the right to strike.

Tear Him to Pieces  
In the discussion the delegates literally tore Bjorklund to pieces, and many demanded to know why it is that International President Ryan signed the eastern code for 5.50 per hour without even consulting the men who work for 8.00 per hour. Bjorklund could not answer any of the questions, but simply stated that the eastern affairs do not affect the West Coast, and knows nothing of what Ryan is doing.

## Nazi Flag Downed By Militant Stevedore

TACOMA, Wash., Feb. 25.—While loading the German ship "Tacoma" here one of the longshoremen noticed a Nazi flag flying. He dropped work and went home, got a shotgun, and succeeded in shooting down three of them, by the time the captain had him arrested.

When the worker was taken to the station, all the men quit work and demanded that unless the worker was released and the flags were pulled off there will be no loading. The captain gave in and the worker was released.

## 500 Win in the San Pedro Sardine Strike

### WIN ALL DEMANDS AFTER 6-DAY FIGHT LED BY F & CWIU

### BULLETIN

SAN PEDRO, Cal., Feb. 24.—After a six day strike which tied the French Sardine Cannery up 100%, the strikers won all their demands, including a 35c per hour minimum for all workers, and 35c, 45c and 50c an hour for fish cutters, practically a 100% increase. As a result of the victory.

## MARCH 4-11 IS CALIFORNIA "RED WEEK" FOR COMMUNIST SIGNATURES, WESTERN SUBS

### Aim for 1200 Teams for a General House to House Canvass

SAN FRANCISCO, Feb. 26.—March 4th to March 11th is the Big Red Week in California. For these eight days the greatest mobilization of Party members, workers from mass organizations and other workers sympathetic to the Party will go house to house, to shops, meetings and wherever workers are, to collect signatures to put the Communist Party on the ballot, and to get subscriptions for the Western Worker.

Throughout the state 1,200 teams will be mobilized for the drive, and all street meetings, mass meetings and forums will be rallies for the signature campaign during this period. The teams will as well work for the getting of subscriptions for the Western Worker, now in the last four weeks of its drive to become a semi-weekly paper. The goal is 1,200 subscriptions from the 1200 Teams. With only four weeks to go 1,000 more subscriptions must be raised to give the minimum basis required for a semi-weekly paper.

Need 20,000 More Names  
The first partial reports from San Francisco, Los Angeles, East Bay, Sacramento and San Diego, show only 3,883 signatures so far. This incomplete figure shows the

## CWA Protests Increase As Lay-offs Continue; Oakland Meet Mar. 4

### IMPERIAL VAL. WORKERS WIN IN NEW STRIKES

### AGRICULTURAL WORKERS ARE STILL FIGHTING; BEAT MEX. CONSUL'S TRICK

CALIFORNIA, Cal., Feb. 26.—That the fighting spirit of the Imperial Valley agricultural workers is as strong as ever, despite the reign of terror used by the bosses to break the new picket strike, was proven again Saturday.

Vegetable pickers on a carrot ranch here struck and won a 2 1/2c per crate increase.

In Calexico, lettuce pickers went on strike and in one hour won an increase to 25c an hour for picking. Their demand was for 45c, and the present increase is the same demanded in the lettuce strike of January.

The majority of the lettuce pickers are now getting 22 1/2c an hour, and as a result of the picket the contract system has been abolished, enabling the workers to get the amount they earn without having to pay tribute to a contractor or boss.

The attempt of the Mexican Consul Terrazas to organize a union exclusively of Mexican workers and so split the ranks of the workers, received a setback in Calexico when the county relief workers drove out his representative, Alberto Terrazas, on mission, admittedly to "protect the growers and the Mexican field workers" by segregating them over to the bosses, through lining up the growers to hire only those workers who could be controlled by the labor in charge of the union. But his organizational meeting widely advertised for Sunday, was stopped by the aroused workers.

## Cutler, Hoffman Given 6 Months in Valley Frame-up

### 49 IN JAIL FOR LEADING AGRICULTURAL STRIKES IN IMPERIAL VALLEY

SAN DIEGO, Cal., Feb. 22.—Forty-nine workers are in jail, either awaiting "trial" in the boss courts of Imperial Valley or serving sentences imposed by these same courts, as an aftermath of the fascist terror with which the growers attacked the striking picketers.

Emma Cutler, International Labor Defense organizer, was framed on a charge of vagrancy and (Continued on Page 5, Col. 2)

With 2360 CWA workers laid off Friday on 83 Alameda county jobs, and of similar number laid off next week, members of the Construction Workers Industrial Union are actively rallying workers to protest at the demonstration and workers from shops and factories are being rallied to the struggle for maintenance of the jobs at union wages, as a part of the struggle to protect their own scale. (Continued on Page 5, Col. 2)

## Guynn, NMU Leader Tried for Carbon Co. Coal Strike

### COAL BOSSES TRY TO FRAME CROUGH, WETHERBEE, IN COMPANY COURT

PRICE, Utah, Feb. 20.—Trial of Charles Guynn, National Miners Union organizer, on charges of "striking" in connection with the Carbon County mine strike last August, despite the efforts of the prosecution and court to rush over a frame-up, bringing out clearly the class issues involved.

Over fifteen hundred protests demanding freedom of Guynn, Paul Crouch and Wetherbee have been already received by Judge (Continued on Page 5, Col. 2)

## WEINSTOCK, HEAD OF AF of L RANK AND FILE SPEAKS IN FRISCO, L. A.

### Subject is Unemployment Insurance Bill; At S. F. March 6; L. A. March 9

SAN FRANCISCO, Feb. 25.—Louis Weinstock, National Secretary of the AFL Trade Union Committee on Unemployment Insurance, will speak at a big mass meeting here Tuesday, March 6, at Carpenter's Hall, 112 Valencia St.

With the lay-off of CWA workers already under way, the number of unemployed is reaching the greatest number ever seen in this country, and the fight for the Workers Social and Unemployment Insurance Bill is one of the main issues of the day. Weinstock will speak on "Unemployment Insurance and Unemployed Work" and the local AFL committee has issued calls to all union locals for endorsement of the Workers Bill, which is to be introduced into Congress by its representative, London. Unions affiliated with the Trade Union Unity League are urging all the workers, employed and unemployed, to be present.

Following the meeting here, Weinstock will speak in other West coast cities.

"At the End of Their Resources"

Since New Year, 12,172 persons were killed on San Francisco relief. The last week showed 1,610 workers on the rolls. Since the first week of the middle of the CWA program...

But as serious as the situation in San Francisco it is still not the worst in the country and conditions generally are at least not better. This is particularly true in the rural regions, where often no relief is given as that would compete with the 15 and 20 cents per hour wage for farm workers...

With such facts, and the obvious failure of the "New Deal," it is no wonder that the capitalist class is alarmed and has launched an anti-hunger campaign. The chief headlines in the latest issues of the San Francisco Chronicle, most reactionary paper in Northern California...

THE FACT STANDS OUT HOWEVER, THAT THEY ARE ALL ALARMED AT THE ADVANCE THE COMMUNIST PARTY IS MAKING AMONG THE UNEMPLOYED. THAT THE CWA WORKERS IS REALLY ONE OF OUR CENTRAL TASKS AT THIS MOMENT. BUT WE MAKE NO SECRET OF THE MATTER. TENS OF THOUSANDS OF CWA WORKERS AND THOSE ON RELIEF GET OUR APPEALS AND LEAFLETS AND PAPERS DAILY.

When the capitalist dogs snarl and growl like pigs, as they do, we feel that we are on the right track, we are striking them at their weakest point.

Their anti-hunger blast, meant to develop fascist hoodlumism against the most militant among the workers, will fail completely. If thousands of already members of the Construction Workers Union, and Unemployed Councils, will, unimpaired of their hounding, use every bit of energy to organize all jobs for...

RELIEF LOANS TO CWA WAGERS, UNEMPLOYMENT INSURANCE OR JOBS AT UNION SCALES.

The Fighting Spirit in Imperial

People who delight in spending hours gazing on whether the workers are improving Valley. The militancy and determination of these workers is testimony to the far-reaching change that has taken place since 1930, when a strike attempt was easily suppressed.

Not did that discourage the Imperial Valley workers. But by a long shot! They came back two weeks later 7,500 strong when picketing was to stop. Hardly a week of such strength could be found in Imperial conditions, a pocket line of 3,000 turned out. It was the most complete job ever experienced in any field, and was a lesson that the Fascists in the Valley will not forget so soon.

The small increase offered was thus far rejected by the workers. The growers are still hoping for a check, and at such a price that they are clear that the fighting spirit that drives these workers to struggle cannot be defeated. It will be with them as they move from crop to crop, and combined with Communist leadership, will yet win for them the right to live as human beings.

For a United Anti-Fascist Struggle

The Communist Party in issuing its call for an immediate united struggle against Fascism, takes into account, in addition to the need for solidarity with the European workers, also the fact that the capitalists on the coast have unleashed an unprecedented terror against workers.

This terror drive seeks to increase in the same proportion that the failure of the Roosevelt program becomes clear. The League of Nations Chamber of Commerce is getting desperate and at its last stage, warned up by speeches of Chief of Police Davis, and Hynes, applauded a drive against workers organizations throughout Southern California, and to again illegitimate the Communist Party.

The organization of a secret network of vigilante squads, in all farm districts is a matter that has been given the widest publicity. The co-ordination of this campaign that gets its inspiration from the Pickley killings, seems to be the sole activity of the Farm Bureau. The Imperial Valley terror against the strikers sounded the key-note for the "crime" of leading Mexican families to relief a worker got 16 months in prison.

These are only a few examples to show how the fascist snarl is crawling right into our midst, and at such a time only open struggle would be content with merely adopting resolutions against Fascism in Europe. The Communist Party's call for a united front on this issue, means a fight—

TO DEFEND THE VICTIMS OF FASCISM IN ALL COUNTRIES TO FIGHT THE FASCIST ORGANIZATIONS SUCH AS THE SILVER SHIRT, THE FRIENDS OF NEW GERMANY, TO STAMP OUT ANTI-SEMITISM AND RACE HATRED, TO RESIST ALL TERROR AGAINST WORKERS, AND ANTI-LABOR LAWS.

TO FIGHT CHAUVINISM AND WAR PREPARATIONS, TO FIGHT all forms of national, political or union, who break the unity of the workers at such a time, commit a crime that equals that of the most fascist. The refusal of the Socialist Party leaders thus far to join in such a united front should not stop the local organizations from doing so. The same holds true for A. P. of I. and other organizations who are not in sympathy with the forward to a solid front against Fascism!

THE LABOR BOARD AND ITS BACKERS

CHALK ONE UP!!

At last Mrs. Meyer had found a place to live. She had been evicted from her last home and two miserable and shivering days she and her two children had huddled on the street beside their furniture and bundles.

The place into which Mrs. Meyer had moved was an old flat over the garage in the rear of an apartment building. All of her back windows faced the alley.

By a miracle which even now Mrs. Meyer could scarcely believe, she had found two men who wanted a room and could pay for it.

The greatest source of trouble, of course, had to be used in regard to the rent. The Charity Association must never know about them. If they should ever discover them they would immediately stop paying Mrs. Meyer's rent.

Little and Roy knew, of course, that in case Mrs. Smithers, their investigator, came when their mother was not home, they must never mention anything about Harry and Phillip.

What is the attitude of the American Federation of Labor towards the anti-picketing and anti-strike ordinances being enacted in many California counties?

There are two answers. One from the officials and one from the rank and file. Both attitudes directly oppose each other.

J. L. Marsh, head of the Sacramento Labor Council, speaking for the State Federation of Labor, before the San Joaquin County Supervisors, when arguments on the proposed ordinance were heard, declared that "labor is in accord with the ordinance but it should be shortened, as if it is long it may be misconstrued."

He states the viewpoint of the Scharenbergs and O'Connells. Those who are engaged in the business of selling out labor to the employers. They are not interested in defeating an ordinance which prohibits picketing, strikes, open meetings, or even as in the case of the San Joaquin county ordinance to "loiter, stand, or sit in or upon any public highway, alley, sidewalk, or cross-walk so as to in any manner hinder or obstruct the free passage of persons or vehicles, so as to in any way annoy or molest persons passing."

Why should they? They, at the service of the employers are interested in preventing the workers from struggle.

During the year of 1933, of the 71 strikes involving 63,356 workers only 7 of the smaller strikes were led by A.F. of L. unions, and at that it was where the militant elements, usually Communists inside, had forced them. Trade Union Unity League unions lead 34 of the strikes and won direct concessions for 31,534 workers, while the A. F. of L. strikes resulted in gains for only 2798. The remaining strikes were either spontaneous or independent.

They, as in the case of the fight against the Criminal Syndicalism Law, join with the employers in declaring that these laws are only aimed against "red agitators", and would not affect the rights of A.F. of L. unions.

But the rank and file in the locals and a number of Central Labor Councils, are swinging away from them. The number of A.F. of L. locals which have already held meetings and adopted motions against the vicious laws now runs into the scores. Ever since workers as have always narrowed their interest within their own craft, and were unmoved by the terror against the Agricultural Workers Industrial Union as in Imperial Valley, now see that it is a dagger aimed even at the conservative A.F. of L. unionism.

Just let an A.F. of L. local seriously try a struggle and see if the same law is not used to the full extent.

Wondering wildly if she could get by the bedroom without being seen, she was able to see through the keyhole.

She was not alone. There were two beds in the room. One of them was occupied by a man who was sitting up in bed, reading a book.

As the lights went on, she screamed and looked at her mother. Mrs. Meyer thought in despair, I might as well tell her who they are and get it over with.

But the man looked so funny lying on the bed, dressed in their present-day sleep, that they pretended to be asleep.

Does Mrs. Meyer live here? asked an annoyed voice.

I'm Mrs. Meyer.

Where are your lights? asked an annoyed voice.

Our Fight Against Fascism

By Dave Lyon

WILL FASCISM COME TO AMERICA?

There are two common attitudes towards Fascism in America. One is that Fascism will never become a strong movement in America because "the American people won't stand for it."

Both attitudes are wrong. It is wrong to think that the disapproval of the "people" of America can, by itself, stop Fascism from coming.

Fascism, the death-battle of capitalism against a new system of "human nature," it came because growth of the revolutionary movement for a new order forced the capitalist class to reveal their dictatorship.

Two Main Misconceptions About Fascism California Fascist Groups Unite in Attack

The American Fascist movement is not yet unified. Fascist ideology and Fascist action may be found in various degrees in the leadership of the Silver Shirts, the Khaki Shirts, the Friends of Economic Liberty, (Liberty Party), the American Legion, the Cincinnati League, and the Ku Klux Klan.

It is obvious that many of the members of all these organizations are opposed to the degeneracy of Fascism, and it is important that they should all be shown how their organizations are misleading them.

III.—WHAT ARE THE "TASKS" OF THE FASCISTS.

If we understand why we are now passing into a revolutionary period, it is easy enough to understand what the Fascists are trying to do to stop the workers' revolution.

1.—The complete breakdown of the economic system; the impossibility of maintaining the system through expanding into new and unexploited markets and colonies.

2.—The successful building of Socialism in the USSR which serves as an example to the workers of the world, showing them what they can accomplish if they take complete power themselves.

3.—The growing class consciousness of the masses, the breakdown of national, racial, and religious prejudices between the workers; the spreading conviction that comparative methods of revolution are impossible because "democracy" is so arranged that the workers have not and never will be allowed to use it for their own interests.

4.—The ever increasing need of the masses for relief; their ever mounting willingness to struggle for better conditions; the growing prestige of the Communist Party as their leader in this fight for better conditions.

5.—The Fascist program follows naturally from the situation we have just described.

Their Program.

1.—Prepare for a new imperialist war to re-divide the raw materials and markets in the colonies of the world.

2.—Crush the workers' movement and crush the Soviet Union, not only to remove a dangerous example to the workers of the world, but to divide up the wealth which the toiling proletariat of Russia has created.

3.—To substitute a "national" consciousness against all possible prejudices against the Negro, the Jew, and foreign-born, not only to divide the workers, but also so that the workers be blamed as a race instead of the capitalists as a class, for the suffering of the masses; while the more openly Fascist elements arm themselves and prepare for violence and terror.

4.—To maintain the workers' faith in democracy until the Fascists themselves are ready to throw it overboard, and to prevent the rank-and-file of the organizations under Social Fascist leadership from arming themselves to struggle against the Fascists which their leadership must pretend to oppose.

5.—A moment's study will show how the Fascist program as we have here outlined it, is, point for point, the inevitable answer of the capitalist class to the various factors in the present revolutionary situation.

(Next week, we shall see specifically how these various Fascist programs are attempting to carry out their program of terror and misleadership.)
