

Resolution No. 1

**CONGRATULATION TO ARMY.**

We repeat in this conference with greater emphasis on the eve of the final victory, our congratulations and felicitations to the men of the fighting forces against the Axis on the May Day of this year, as follows :—

“You are so happy, because-  
You have dedicated yourselves for the most Noble Cause,  
-for the destruction of Fascism, the dark forces of reaction,  
- for the restoration of Freedom of all who have lost it,  
- for the liberation of countries still without it,  
- against any plan to rob the liberty of any country,  
- for the creation of a New World worth living in.

You live, you suffer, you fight, you brave all kinds of danger, and are prepared to embrace death for this Lofty Ideal.”
